***Gratuit Kindle ✓ The Easy PCOS Diet**

Cookbook: Fuss-Free Recipes for Busy People on the Insulin Resistance Diet (English Edition) ? Ebook or Kindle ePUB free

Author lists gluten as a food to restrict or avoid, but her recipes include sprouted grain bread, which contains gluten. If you're celiac or gluten sensitive, don't trust the recipes blindly. Most of the recipes in this cookbook are great for a PCOS diet. The flavoring is off in some of them and we had to make some adjustments but overall the book has pretty good suggestions. I am especially fond of the roasted red pepper chicken. I really really wanted other like this book. There is a lot of good information which is why I gave it 2 stars. The recipes are not good. Almost all of them I have tried taste like I'm eating a big batch of unseasoned tomatoes, onions, peppers. Far too many of the recipes have zero or close to zero spices or herbs which really sucks because there are so many that have positive benefits. I love good fresh foods, but the combinations did not taste good. There are some recipes that are yummy, but I am disappointed overall. This book is filled with information. She not only shares the recipes but goes over what foods to eat the most, eat in moderation, and avoid. She talks a little about her story and struggles with PCOS. The recipes are from scratch, a must for our family, including the sauces which she has the recipes for at the end.
