Interesting short story It was okay not sure if I liked it enough to carry on with the series though. Also in As the novella lead in to their new Crusade series, Nancy Holder and Debbie Viguie have given us a fleeting yet very intriguing look at what is to come. The brief glimpse we see of each character is enough to ignite immense curiosity The pairing of each vampire fighting duo is clever and will obviously give us some fantastic adventure, suspense, some love and without a doubt some devastation if you've read the Wicked Series by Nancy and Debbie, you'll understand that not everything will be an immortal bed of roses. Enjoy Marissa Awesome way to start the Trilogy This novella had some much put in this short story that was very enjoyable I am already loving Jen and Antonio but especially Jen She is a badass hunter and can't wait to find out about her My advice would be to read this novella before you read Crusade It is a fun start, but I couldn't get over the things that they changed from this novella to the series It just didn't feel right to me and I was cringing I read the note by the author's at the end and felt a little better. Okay first I was confused because things didn't seem to mesh with what we learned in the first novel but by the end everything made sense It was actually really interesting the way things played out I enjoyed this prequel immensely.

Passing
A Crusade Series Story

by Nancy Holder and Debbie Viguié

Although I haven't read the Crusade series, this short story has intrigued me. I am looking forward to seeing this take on vampires, werewolves, witches, and humans working together to fight evil. Nice, quick read. I enjoyed the characters, and their world, and hope I get the chance to read the story again and/or to read within the series. My Rating System couldn't finish, wouldn't recommend, would recommend, would read again, have read again. (FREE PDF) [Ñ Passing ?
