@Free Book ? Beloved ß eBook or E-pub free

loved it, preferred an alternate ending but great read anyway. @Free Book ð Beloved ? and follow finally a book that I can relate Uri sounds hot and sweet and romantic, a true angel and Nena is badass attitude on the surface but deep down she is insecure, like many teenage girls I loved the ending it was what I wanted earlier in the book I hope a sequel comes out but if not, still a happy ending. I really wanted to love this book, but had a difficult time with some of the characters I could not see Nena as the pure hearted person even Lucifer thought her to be, especially after she shoplifter jewelry I felt the true romance of the book was Gabe and Bernadette I wish it had been explored The fact that Nena would ask him to give up everythi g for her was beyond selfish Especially since she would be the one to leave him and he would be he alone and miserable much longer than she would be here with him before they could truly be together if he did not fall While I did not love or even truly like this book, I will most likely get the sequel The story seems to be going in a very interesting direction and I would like to know what happens next I would also like to know if the angel of such and such falls, what happens to their duty according to this lore. Loved it would like the sequal to come out Meh, it was a nice relaxing read.It was very superficial, and i felt as if it all went a bit rushy.Like one day after breaking up with Uri she s already like I couldn t forget about him WELL YOU DON T SAY Love this story has romance, paranormal, social issues, angels and horrorit s the modern day gothic story and want
