# Intrigue #567) ? eBooks or Kindle ePUB free

I was given a free copy of this book in exchange for my honest opinion For someone who has had a crush on Reed most of her life, Alcina sure is rude and downright mean to him most of the time She doesn't act at all smitten and just keeps pushing him away I'm not sure why he is still fascinated with her Even after they marry, says she wants to make the marriage into something lasting but gets into a fight with him the first time their alone But, I was interested to finally find out who was the culprit behind the back luck of the ranch A little predictable but, still an exciting and happy end to the Silver Springs trilogy 4 stars. This is the third book in the series and its my favorite just loved Reed and Alcina a great series recommended
