I ve worked in Rome, and while this story didn t fully capture the experience of arriving there as a non Italian speaker on a working holiday, it came close enough Plus there was the

backstory mystery of a wartime romance, and a thoroughly engaging collection of family and friends for the hero and heroine respectively I also enjoyed the blog posts that were interspersed with the narrative. I am always intrigued by the books that take place in Italy There is just something exciting about being able to vividly imagine and recognize the setting Liz Fielding s *Flirting with Italian* is set in Rome its surroundings Author did a great job describing and capturing the atmosphere, thus making the ambience almost like a character. Although the book focuses on two main characters, Sarah Matteo, it has also a secondary story about Sarah s great grandfather and a certain woman named Lucia I loved the interweaving of both stories and it kept me interested the whole way through. Despite the minor Italian grammatical errors, I thoroughly enjoyed this book and I highly recommend that you read it.

But this story isn t only about two attractive people struggling with their emotional baggage A skilfully woven sub plot takes us back to wartime when another couple inhabited this same, idyllic landscape Passion flared then, as it does decades later, linking Sarah and Matteo. Liz Fielding s latest book is a triumph She is the mistress of sexual tension and achingly beautiful description Be prepared to drool. I won this book from a contest on Goodreads. I just received this in the

mail from the contest Thanks a bunch can't wait to dive in It is also signed by the author with a personal note to me YAY I loved this sweet romance, it was just the tonic I needed. Sarah, a teacher has recently been dumped by her fiancé for another woman Deciding to change her life, she takes a temporary teaching job in Rome, and at the same time researches her grandfather's experiences there during WWII. Of course, she couldn't have known she would bump into the gorgeous Matteo, current owner of the house her grandfather was hidden in Oh, and she writes great blogs too Recommended for a light, fun and feelgood read. As per usual, Liz Fielding does not disappoint Engaging, charming characters with a flavour of Italy Even without the sex on the page, this sweet romance has sizzle factor A sensual, flirty and fun read There is a gentle comic element that Liz does so well there is some great dialogue between her two characters Liz manages to get the emotions and passion and all those tingly feelings that go with romance and love amazingly on to the page. FLIRTING WITH ITALIAN by Liz Fielding is a January 2012 release by Harlequin Romance Sarah Gratton takes a teaching job in Italy to get away from the memories of where her heart shattered She shares her experiences via a blog with her old school back in England. One day she goes looking for a village where her grandfather had found shelter during the war What will she find in the village Will she find the special lady who helped her grandfather Matteo di Serrone is now living in the house that her grandfather found shelter in Meeting Matteo, Sarah feels the spine tingling awareness of him After all her grandfather had advised her to find herself a dark eyed Italian lover to forget about her heart ache Dare she take her grandfather's advice FLIRTING WITH ITALIAN had some pleasant and unexpected twists and turns As Sarah said, I didn't mean to fall in love That just wasn't supposed to happen I was in love with Tom and had my entire life planned out Tom ran into Louise and I hit Matteo A head on collision Liz Fielding has brought with her master story telling this remarkable tale, FLIRTING WITH ITALIAN that sparkles with plenty of sizzle, sensuality and romance Her characters are amazing in their complexities, their interactions and their growing love for each other It's definitely for the keeper shelf FLIRTING WITH ITALIAN Liz's latest romance, Flirting with Italian, is right now up for the RoNA Rose award which is a super big deal in the UK And no wonder The heroine, a teacher who has run away to Rome after a big break up, is fun lovely and true, and the hero an Italian Count As fantasies go, it's a good un One of the things I loved best bit that stayed was Sarah's blog Asked by her Principal back home to write a blog about her Roman adventure for her students, Sarah smartly knows her students couldn't be bothered reading such a thing So she uses the blog as a rich, luscious, experiential and honest retelling of her time And as another way for us to feel her growing feelings for the hero Matteo it's an absolute delight. Flirting with Italian is a delicious, warm, slow burn of a love story And will make you yearn to sit under the Italian sun with the lazy buzz of bees and grape juice pooling beneath your tongue And if that isn't reason enough to read a book I don't know what is Next I'm reading The Next Always by Nora Roberts What are you
