BOOK ? Midway Between You and Me (SEAL It With A Kiss #3) ? Weplayit.co

This was probably my most favorite of the three book series but the ending reminded me of watching an Asian drama because it was so rushed and there were some things I really wished had been written to lift the readers spirits even family reunion time. www.ireadwhatiwant2.wordpress.comSnippet Review I m not going to lie, this is probably my favorite romance novel of all time It s cheesy and predictable, but I can still remember reading it for the first time I bought it at a library book sale for 25 when I was about 16 years old and sped through it all on a sick day home from school The author does a good job with the military details, probably because she was in the military herself The romance is sweet, even if it s does get a little cheesy and the action is tense, though it does get a bit over the top This is not one of the best romance novel that I ve ever read, but there s just something

unique about it that definitely makes it one of my favorite. 3.5 stars. Great story, let down by poor proof reading The lack of commas and periods was frustrating. This story was a little boring and I didn't really feel the connection between the H and h because I dislike it when there is like this instant connection Also, the jump in time lines was rather confusing and I found the story involving the older couple interesting. Enjoyed all three of the books Sometimes the flashbacks confused me for a few seconds Author did a lot of research but knew a lot from own experiences in the service I recommend this book and also the first two.
