Thankfully I received this book for free through Goodreads First Reads instead of buying it I have 15 years of parochial education in my background, and there is nothing I see as

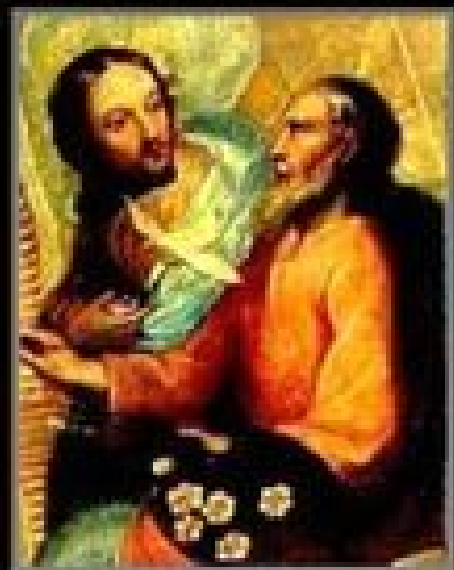

revelations in this book This is perhaps the types of things I was taught in grade school, but in high school, we went way beyond this This says it s for believers and non believers alike, but I can t see any non believers reading this with any attention or seriousness with how it s written I ve read fantasy novels that weredeeply spiritual and inspirational Since he is dressing his divine family members in old style biblical clothing, why is Mary 5 7 which would be too tall for an ancient Jewess Jesus is over 6 tall Not in old time Jerusalem If he s making themmodern heights, why not modern clothing That s just one type of blatant inconsistency and shallowness I will stay away from this author who has other books This is a short vanity press book that was self published It s the type of book that makes many people hesitant to buy indie books I donate and gift most of my books when I finish, but cruel as it sounds, this one is bound for the recycling bin Wouldn t even give it to a chil as there are so many better kids religious books.
