The following comments were made by the judge who read Dead Letter in the 22nd Annual Writer's Digest Self Published Book Awards DEAD LETTER by Marc Kuhn is a story written

by an author who seems to possess a sensitive soul that gives him the ability to craft a touching, deeply emotional and satisfying story. As for production values, I like the title but I wasn't all that crazy about the cover, not because I have an issue with nudity I don't but because it was dull I think a picture of a small town or a letter would have been just as effective, if not so. Of course, this is a personal opinion from a reader who prefers vibrant colors on book covers. However, the back cover copy was excellent and well written I think it will spur people to read the book. Nice author bio It encouraged me to check out the other books, and to visit the web site listed. It was nice to see a picture of the author on the site. I enjoy books set in small towns and I think other readers will enjoy the setting, too. I think the author also does an excellent job capturing the eras he writes about as well. The opening of the book was amusing, as obviously intended. The feeling the early part of the book generated reminded me of SUMMER OF 42 by Herman Raucher, which is a good thing. The writing style is superb, keeping the story moving at an excellent pace. The author is talented not only as a writer, but at evoking emotions. Readers who love romance and mystery will fall in love with this book.

Freebie12 19 13 This is a historical fiction book that spans some time starting with the WWII era in a small town in MD along the Chesapeake Bay following the town teen couple most likely to be married when he returns from war life is ideal for them until he enlists in the war and until there is a dark secret that is found out, discovered, left untold, and then told in a dead letter. Will the Dead Letter ever make it into the right hands? Who wrote it? Who is it intended for? Who finds it? How will the dead letter affect everybody who reads it, or will it affect anyone at all? Read this entertaining mystery of the Dead Letter to find out. I am glad that this wasn't too terribly long because the suspense was killing me in this one. Enjoy the read. Thank you Mr Kuhn for the autographed book, I enjoyed the trip to the Chesapeake Bay a great place for a great book. What a turn of events. This book kept me captivated and interested from beginning to end. Definitely did not see any of what unfolded in the story coming. A very good read.

MARC KUHN
