DOWNLOAD ? Three-quarters of a Footprint ? Weplayit.co

Very well written Author is having good knowledge and background about India Nice to read about my country and state from a foreigner that to thirty years ago. DOWNLOAD ? Three-

quarters of a Footprint ? For Five Months Joe Roberts Was A Guest Of The Trivedi Family In Their Flat In Bangalore S Baghpur Extension Major Trivedi, A Military Brahmin, Was Given To Reciting Quatrains Of Nostradamus Atul, His Year Old Son, Was Concerned With Guns N Roses While Mrs Trivedi, With Her Neighbour Mrs Sen, Took Charge Of Her Visitor S Plans For Travelling Around Southern India Roberts Journeyed To The Jungle Beyond Mysore A Jungle That, Contrary To Expectations, Was Only Little Trees And Dappled Glades To The Queen Of The Hill Stations, Ootacamund, To Which Generations Of English Colonial Officers Had Retreated, Transforming An Indian Plateau Into A Passable Imitation Of Bournemouth And To Kovalam, Which He Visited In Order To See The Kathakali Dancers, But Where He Also Found Himself Dining With An Australian Pornographer And He Also Travelled To Cochin, On The Malabar Coast, And Shared A Railway Compartment With A Drunken Bristolian Who Seemed Unimpressed With Everything But Indian Moonshine But Roberts Always Returned To The Ground Floor Flat In Baghpur Extension, And To His Friends The Trivedis This Is His Account Of His Travels With cover promotions from Eric Newby, Norman Lewis, Geoffrey Moorhouse and Ranulph Fiennes, I guess this was built up too much, and my expectations were too high. But hey, it was ok, a quick and easy read, it covers a lot of ground mostly Southern India, but a bit up north too Roberts is a strange guy though Almost all his travel in India was pre planned hotel bookings, train timetables etc the few spontaneous decisions were highlighted as such not the most intrepid of travellers. I picked this up from the British Library years ago and couldn t put it down It s a wonderful travelogue of India north and south Humourous and funny descriptions of places and people, and some vivid incidents leave images etched in the reader s mind I have never found this book again and would so love to It was my introduction to the great literature of travel. Three Quarters of a Footprint was first published by Bantam Press in 1994 Joe Roberts visited India, specifically South India for the first time around 1990 and this book is the result of the wonderful experience he had. Joe Roberts stayed with an Indian family The Trivedis in Bangalore for five months and travelled around This book is a travelogue Cum novel As a 20 something I don t recognise the India Joe has written about, but then there are few things that remained the same Joe travelled madras, Bangalore, Mysore, Benaras, Ooty, Madhya Pradesh, Kerala, etc, Where ever he travelled he made friends and exchanged knowledge. Three Quarters Of A Footprint is a travelogue from the eyes of a foreigner, the struggles he goes through, the difference he finds between the cultures and food. I realized few things after reading this book Travelling is much easier now Foreigners are cheated at every level because they know nothing about the local pricing.
