A man with a muscular build, wearing a grey tank top, stands on a beach at night. The background is a dramatic scene with dark, stormy clouds and a bright lightning bolt striking the water. The overall color palette is dominated by dark blues, greys, and the bright white and yellow of the lightning.

ISLAND PERIL

Island Peril was a fast paced, yet fluffy short novella Truth be told, there really isn't much to this particular story aside from an insta lust romance, a lot of talk about geophysics, a random side plot with drug smugglers and that's about it. Ella and Paul are practically the only two people in this entire book, with Ella's sister Abby, and Abby's daughter Brooke, making a brief appearance I understand that Abby will be front and center in the fourth Aftershock book, Backwoods. We don't even really see the drug smugglers, though the couple gets chased by them. The descriptions of the island were nice There really wasn't much story to this novella, really And Ella and Paul's short romance feels like a mere teaser, though I'm not sure we'll get to see much of them in Backwoods. Overall, an okay way to pass an hour or so of time, but not a novella I'd go back to anytime, as it seemed kind of pointless, outside of introducing Abby and Brooke, as well as telling a fluffy romance. Nothing much went on I only enjoyed it because of JS's writing She writes believable characters and plausible predicaments Great dialogues too. Island Peril is for people who enjoy two people getting stranded somewhere dangerous together. think body heat should always be shared. like when sexy times happen outdoors. enjoy a little suspense with their romance. Not going to lie, the sharing body heat while in a dangerous situation scenario is always a favorite of mine BRING ON THE NAKED CUDDLING And the naked groping And all the other naked stuff that goes along with that Kelly Reading the Paranormal An everyday kayaking tour on the Channel Islands State Park, takes on an entirely new twist when they come across drug smuggling cargo Stranded on an uninhabited island, the sexual chemistry flies while they are pursued by angry drug traffickers Island Peril is a quick novella short read There is lots action, steamy sexual chemistry and not much room for much For an easy, fast paced, entertaining read this book hits the spot.
