~READ KINDLE ? My Sons Next Wife ? First Lady Audrey Graham Is Gone And Her Husband Suffers From Loneliness And The After Effects Of His Second Stroke Their Son,

Stiles, Now Minister Of His Father S Church, Is Engaged To Detria And Has Found Happiness At Last Despite His Heartbreaking Divorce From Rena Rena S Now Living In Another State And Has Found A New Love Herself, Robert, Though She Resists His Marriage Proposals Because She Doesn T Feel She Could Ever Be Completely Forgiven For Her Past Sins Things Take A Turn For The Worse When Stiles Father Suffers Another Stroke And Detria Has A Miscarriage, And His Faith Is Tested Like Never Before But Who Knows In Whose Arms He Will Land Up In The Page Turning Conclusion To My Son S Wife Series

From the lame title to the really bad writing, this book is probably the worst one I ve read all year. Book three of the My Son s Wife series picks up with Pastor Stiles Graham preparing his wedding to Detria He s also dealing with the fact that his father had suffered his third stroke in as many years New marriage, ailing parent, part time college instructor plus full time ministry equals stress, which leads to problems Francesca, Stiles sister and his ex wife s former lover, is battling health problems of her own, but suddenly finds herself on the receiving end of unconditional love from a man Forgiveness is the underlying theme throughout this book and I m glad my spirit led me to it at this time I would highly recommend this book and series to anyone struggling with any type of stronghold, because it will bless your soul I give it I enjoyed reading this I think which was the 3rd book in this series This book highlighted forgiveness Detria, who is Styles the pastor s wife, started abusing his elderly father He lived with them and had a stroke and she tried to lift him while she was pregnant She miscarried a week or so later and she blamed it on him She ends up asking for his forgiveness and confessing it to her husband and going through the forgiveness thing with him too I won t tell the whole story so read the book This book was good First Lady Audrey has passed on and now the family has begun what is becoming the new normal Stile has decided to marry Detroit and we all know things don t stay happy for long The devil comes a knocking Read the book to find out who comes out on top. Overall this was a quick fun summer read The author explored a range of topics from abuse, loss, forgiveness, and love I did find it weird that the adult children in the book called their father pastor, rather than his name As people of faith, we understand the concept of faith but I like how the author presented it in a way that each of us would find difficult in walking out. A really good surprise ending

MY SON'S
NEXT WIFE

Shelia E. Lipsey

I love Shelia Lipsey books but for some reason this one it was just an okay read for me. Detria, Stiles Graham's new wife, appeared to be the perfect wife and God sent but as you read midway she is a whiny woman who would not let go and move forward. She is a young woman who can definitely have a fruitful offspring. Yet, Shelia opened my eyes to see that woman can still have medical conditions without carrying a child full term. She covered other issues that are easily overlooked too like elderly abuse, marital problems in the first few months of marriage, and how supportive your other half can be and rely on other people to overcome your problems. What irked me the most was Detria with her reasoning for her actions you'll know when you read the book. She allowed her logical thinking and reasoning overtake how the Bible would view her reactions whereas she didn't even confess to God nor turn to her husband for comfort/understanding. On the other hand, Rena aggravated me to a certain extent in her new love life but she pressed through without a doubt because of the love he confessed for her. Forgiveness is the key. Finished in two readings November 10, 2011 read.

Review: My Son's Next Wife by Shelia E Lipsey Bell

My Thoughts: Now this third series of this author's My Son's Next Wife was another quite interesting read that will keep your attention till the end. Dramatic yes. All the way through this story I will say that Stiles' second wife, Detria, was a piece of work and left me shaking my head and saying really Will Pastor Stiles ever see his wife for what she is. Not only is it good to think before one acts but that communication is so very important in a marriage and that nobody is perfect but GOD. I hope the reader reads this series in order so you will better understand all that is going on. This read was very heart-wrenching. Now, on to the next series My Sister, My Momma, Your Wife. The new wife showed her true colors early on in this book. Stiles just can't seem to catch a break. Overall a great read. This was a great story in this series. It just goes to show that ultimately you can only hide your true feelings and actions for so long. Detria has some issues and I have a feeling Stiles hasn't seen anything yet. Francesca has had a lot to overcome but it goes to show God is a God of second chances. Pastor is a true man of God with a real forgiving heart. This was truly a story of redemption and forgiveness.
