[Read Epub] ? Slayer (Gotrek & Felix,

#14) ? Weplayit.co

Great story Another epic ride by David Guymer The seventeenth Gotrek Felix novel, this completes the two part Doom of Gotrek Gurnisson arc within the wider Warhammer End Times series Following on from the events of Kinslayer it sees Gotrek and Felix heading south with a ragtag force of men to try and reach Altdorf and Felix s young family In the way are whole armies of marauding northmen, while the shadowy presence of Be lakor works to fulfil a prophecy and at last bring Gotrek s doom down upon him Despite their badly damaged friendship, the two adventurers fight side by side for what might be the last time. For the most part Guymer s writing does a good job of fitting in with the Gotrek Felix style, although sometimes it can prove a little tricky to follow just what s going on Thankfully, when the real essence of Gotrek Felix does come to the fore, it s everything you want to see and a powerful reminder of why these characters are so popular Without spoiling anything, it all wraps up with a suitably heroic send off for Gotrek, even if some fans might have wished for something a bit epic, and if the ending is a little nebulous in terms of some of the other characters, well sometimes it s best to leave a little up to the imagination. With Enemies On All Sides And Destiny Calling, Felix Must Make A Choice To Follow Gotrek Into The Darkness That Awaits Him, Or To Abandon His Oldest Friend Once And For All For Many Long Years, Felix Jaeger Has Followed The Dwarf Slayer Gotrek Gurnisson Across The World Their Adventures Have Been Extraordinary, Their Heroic Partnership The Stuff Of Legends Now It Ends With Their Friendship In Tatters After A Series Of Betrayals, The Pair March South At The Head Of A Ragtag Army, Intent Upon Driving The Forces Of Chaos Out Of The Empire And Returning Felix To His Wife But Gotrek S Doom Is At Hand, And Great Powers Are At Work To Ensure That He Meets It With Enemies On All Sides And Destiny Calling, Felix Must Make A Choice To Follow Gotrek Into The Darkness That Awaits Him, Or To Abandon His Oldest Friend Once And For All Terrible end to the saga Real shame that Gotrek wasn t given the epic end we all wanted. Me ha encantado este libro A n as , tengo sentimientos encontrados con el autor. Lo admiro por haber cerrado la historia de Gotrek y Felix de una manera tan elegante y agridulce, pero estoy muy cabreado con l por el final no digo que sea malo, es s lo que me da rabia Este es el final del trayecto, y ha hecho que toda la saga haya valido la pena Me quito el sombrero y aplaudo con una l grima en la cara. Action Adventure Fantasy, Ongoing Series Novel Join Gotrek on his fantastical aim of a heroic death with Felix s oath of chronicling Gotrek s death. The final of an epic journey Doom approaches and our heroes must confront their destinies SPOILERS view spoiler So, that was it Pretty anticlimactic and climatic at the same time Gotrek has a pretty sweet ending, but Felix just has this open ended ending Am I supposed to know what occurs next Do I really need to find all of the end times to know what happens

Did their stories not matter at all in the grand scheme of things Wow, just kinda a let down view spoiler hide spoiler The is itthe end of the line I almost didn t want to finish it after reading the prior 13 because I didn t want the adventure to be over What else is there to say here lies a slayer after the brutal plot twist of kinslayers I found myself so angry at Gotrek but all is explained in this final chapter just read it already. The Tale of Gotrek s Doom, is the tale of the Old World s Doom Action, pain, threads seen up, pain, and the End The End is nigh, the wheels of fate are spinning wild, and here Doom of Gotrek lies My feelings, as I started reading the last book in the series, were actually like the grand phrase of Gotrek I will accept no doom Through the years, Gotrek and Felix adventures has become a title by which you know you are reading BL production A long way from the first book in the long forgotten 1999, the series has gone full circle From a funny book of shorts with 2 heroes, human and dwarf, it has achieved the level of drama with the best of George Martin stuff Four different authors, with their fundamental writing styles, storytelling has created a living and breathing duo, in which you could and should invest your time King gave us small laughs, returning evil characters and story driven plot Nathan Long provided a new beginning after William King had left the series It was refreshing, with a new perspective We got the recurring characters and essential drama with a sinister plot going through all his books till the last one Josh Reynolds gave us the introduction to the missing years of the pair, some of their early adventures and actions in the East, especially after the cataclysmic events of the King s last GaF book Giantslayer And of course, our talented Queek fella David Guymer you should change the wall image Queek is dead provided us with a haunting introduction to the spirit world, prophecies and death of hope in his charming City of the Damned , debut for the series I was pleased to know that he had been given a green light to finish the series in the great Doom of Gotrek Gurnisson duology, especially given the ongoing End of Times event in the setting At the same time I was depressed, after all who d love the ending of the fantastic books If it was my choice I would have written them, till the stars would start bleeding, or mister Emperor came back for the Godly intervention And here we go Slayer , Book 2 of the Doom of Gotrek Gurnisson lies before me, finished just 15 minutes ago And what an ending it has I can t be very spoiler free here, judging by the ongoing emotions, fighting in my heart Curse you David for writing another OUTSTANDING BOOK And through my eyes are shedding little manly tear for him you know who you monster , I want to shake your hand and buy you a keg of Bugmans Just to remember all the stuff that was written on a long way to this point Sad, bittersweet, a little funny, with a great commemoration for anyone to read The companionship and friendship between our adorning duo has gone a long way from that to an unexpected, but fair Curse you, Gotrek Gurnisson Well, to be fair Felix went through lot of suffering on his faithful travellings with Gotrek But only near the end he really slips, and shows us how tired and hateful he has become to all the slayer stuff, oaths and debts Damn the Slayer And damn his oath Well tha doesnae sound tae guid, diz it as someone familiar would say It has every

previous book by King, Long and Reynolds mentioned in one way or another Here we have an old friend Malakai Makaisson with the great speeches and horrible Reikspiel Whit in the world are ye daien here isn t it beautiful and gratifying Here goes the Unstoppable and Skjalandir from the Dragonslayer Here are the thoughts and curses upon the hunched and beaten friend of the duo Grey Seer Thanquol Lhoigor Goldenrod and Kelmain Blackstaff made a lovely introduction to the crossroad choice Arek Daemonclaw and Heinrich Kemmler, Krell the Wight King and The Bloodthirster of Karag Dum all had made an introduction Friends and comrades, loved ones everybody joined the party Here we heard a Snorri laughter, here shines the nobility of Ulrika Magdova, and even Kirsten, the first love of Jaeger, gets the mention to her passing All in all this book is even a commemoration to the rememberers, than to Gotrek Felix Jaeger feels the strangeness of the world firsthand here If not for the black hair he would be an exact copy of that character Image below Some spoilers for the previous books ahead The story sets off exactly from the moment the previous book ends the death of Snorri, escape from Praag and going back to Empire to reunite Felix with Kat In between Kinslayer and Slayer where is a short story Rememberers , done by David for the End Times subscription It covers the months spent travelling from the ruined Kislev to the ravaged Empire Due to continuity of the story from the City of the Damned , it is highly recommended to read that book before the Doom of Gotrek Gurnisson duology The plot has some great retcons with the CotD and intersect it with visions and prophecies If you want to understand the severity and paradox of the duo situation you should get the measurements of Morzanna and Be lakor from before, additional Warhammer Fantasy Battles lore for aforementioned characters is preferable too I will accept no doom Gotrek words mentioned But let s start shall we Here, we will find our characters getting themselves in a battle at the border of the Empire, to which they do not belong too But as someone said in the lovely times of the End Times We are doomed So, it s not a surprise, anyway People who read Kinslayer will be pleased or not it depends on your liking of mentioned characters to know that Gustav Jaeger and Kolya the kislevite are still present and running with the famous pair, overshadowed by their glory I will accept no doom Gotrek Gurnisson The main protagonists of the story are not even the Dark Master Be lakor, or some cool Chaos Warlords with different gifts The main enemies of our indomitable duo are time, fate and themselves This unstoppable combination created an unbearable task to fulfill for both Gotrek and Felix As Morzanna says to all who got themselves in the spinning wheels of destiny You deserved a caring master Writing style is consistent and very enjoyable With some minor setbacks, like depiction of the dwarven engineering, or nature s views, that are overbalanced in the chapters Due to continuity of the story you should expect a lot of dreams and prophecy envisioned from the City of the Damned It is refreshing at the start of the novel, but gets a little tiresome in the middle Due to everchanging events further on, it never became an issue in the end And the names they are a jewel in the book Different nicknames and monikers are making the story go real Just

rumbling from the normal halfturned Koenigsmann High Zarr to Willow Crab or Hunchback The book is alive with them and that s another positive bonus for a truly good story I do not think that people want to hear Be lakor, Morzanna, Archaon and other overused names for a hundred pages, right Humor part is quite ok greatest jokes are coming from the maturing boy Gustav Cheering crowds lined the Konigplatz waving flags and shouting your name Pegasus knights performed an aerial display in your honor isn t he a lovely fella Or new propaganda how to stay cheerful and sarcastic at the End Times period That s how to keep up Morale in the End Times Or fantastic piece..Ah, we appear to have uncovered a fundamental gap in our knowledge of gyrocopter operation Phrases like Your doom is foretold mostly would have a lovely conclusion in we ll tell him it was an accident But I will leave it for you, to read for yourself You will not regret your time well spent Beginning and the middle of the book are much lighter and joyful, than the rest This is actually as it should be, all things compared Second part of the book is much heavier to read, due to End of Times things deaths happening, and events getting very serious The only other minor flaw is the ending Don t get me wrong it is good, really good and well deserving for the series But the last 25 pages in Karak Drengazi feels a little rushed And the main confrontation is a little bit too quick in its resolution Considering everything else, the book deserves a Gemmel prize, or something from that tree I want to add only this if Gaunt Ghosts series by Dan Abnett would ever run its course, and the last book is written while we still alive, I do hope it will have such an ending Ty David Guymer, and goodbye Gotrek and Felix We will forever remember this outstanding, in my humble opinion, duo Deep in our souls we are all rememberers In the end, let s quote the last proud kislevite Kolya Doskonale If this journal is found, if the day was won, then remember this here a Slayer lies This did not feel like the characters we d grown up with during the series Shame that it ended this way.
