This is a new to me author, so I wasn't sure what to expect, but I was pleasantly surprised. I enjoyed the characters immensely and loved the storyline. I loved the inner strength of Victoria Eastman and her determination to protect two little boys in her care. I admired Colt McBride for his determination, too. This is a fast-paced book that held my interest from the first page to the very last page. It has several characters that are as entertaining as the two main characters. It's a story of letting go of past hurts, learning to trust and opening your heart. I received a copy of this book in exchange for an honest review. What I Loved Victoria is a very likable heroine I thought she was well written. Most of the characters were extremely well written and I could see them all so clearly as I was reading. The attraction between Victoria and Colt was great and I enjoyed their love story. Romance is what I look forward to the most in a book and I wasn't disappointed. What I Liked You can't have a cowboy in a book and not expect some showdown action. Continue Reading

*Promises
Kept*

The McBride Brothers

Review also found at won a copy of this book as part of a giveaway on Goodreads in exchange for my honest opinion. This will be short review. Fans of romance will enjoy this story. Fans of something a little different may not. What this story delivered was a solid romance albeit rather predictable. While this is not necessarily a bad thing sometimes you just want the story to stray from the usual formulas. I like this story however I was not blown away. I don't generally read books in this genre, but Promises Kept was a very pleasant surprise. The main character, Victoria Eastman, is on the run from a shameful past and desperate to make a new life for herself and two orphaned boys, but at every turn she's in danger of having her secrets revealed. As the book progresses, she learns she must put aside her prejudices in order to find not only love but the forgiveness she so desperately needs. The author kept the pace lively with lots of twists and turns that ratcheted up the tension. I found it harder and harder to put the book down as I read. Good job, Ms. Dunn. You've got yourself a new fan. [[DOWNLOAD PDF](#)] ? Promises Kept (The McBride Brothers, #1) ? Lady Of Marriageable Age With Two Young Boys, In Need Of Husband! Am A Good Cook And Hard Worker Victoria Eastman Grew Up In A Texas Saloon An Experience That Made Her Tough, Resourceful, And Determined To Forge A New Life So She Places An Ad In A Gentleman S Newspaper And Soon Finds Herself A Suitable Arrangement On A Farm In Promise, Wyoming Only Problem Is That Her Would Be Husband Turns Up Dead The Day She Arrives Rancher Colt McBride Is Known For His True Grit And Business Smarts Yet When It Comes To His New Neighbor, Victoria, He S Stumped Who Is She, Really She S Lovely To Look At, Of Course, And Has Proven Herself A Gentle Soul She S Even Causing Him To Question His Staunch Bachelorhood But Any Kind Of Future May Be Shattered When A Stranger Reveals A Secret About Victoria S Past One That Could Destroy Them Both Unless, Together, They Can Take A Leap Of Faith Right Into Each Other S Arms

Scarlett Dunn kept the events wanting you to read until you realize you have read the entire book before you know it. What does man do when he wants what someone else has, watches loved ones killed, and sees everything he has worked for being lost? HE FIGHTS FOR WHAT HE WANTS. What does a woman do that loves her boys, has nothing and wants to have a home? She does what she has to, to get what she wants and needs in her life. This story for a historical romance has it all: the cowboys, the beautiful woman, the villain, and lots of action. This was my first Scarlett Dunn book, but it won't be my last. It was a easy to read, well written, interesting story about the west and a mail order bride. Lots of likeable characters in this book. And a hint of religion. I really enjoyed the historical romance clean story. I could hardly stop reading it. Loved the ending, can't wait to read the rest of the series. I won my book from Goodreads Giveaways. FYI the story may make you hungry.

Victoria works as the cook in a boarding house in St. Louis, Missouri as the cook. She arrived with two small boys in tow claiming they were her brothers. That was not exactly the truth she took the boys with her when she left a saloon in Abilene two years ago to save them from the orphanage. She needs a husband to help her care for the boys, provide a

home, and a father figure The boys keep asking for a Pa She won't consider a cowboy, as one had almost raped her she had nothing but bad trouble with cowboys She advertises for a husband out west and travels to Promise, Wyoming to farmer Chet Barlow he was the only that did not make reference to her wifely duties The writers were very explicit in what they expected whether they married her or not. Before leaving St Louis for Promise she served dinner to huge handsome cowboy, Colt McBride, from Wyoming in town checking on an inheritance left from his uncle. There's trouble in Promise, Wyoming Chet is farming in the middle of cattle country Euan Wallace is as crooked as they come, mean as a snake, and thinks he is God he wants Chet's land for the water and everyone else's land as well, by hook, crook, hired gunmen, or murder. Victoria, along with a stray dog she acquired along the trip, arrives in Promise, Wyoming to the news that Chet has died from a possible heart attack, and who gives her the news but the huge handsome cowboy, Colt McBride What were the chances he lived next door to her intended There are lots of ugly things going on and around Colts ranch cattle killed and rustled, neighbors practically run off their land, and mysterious fires meant to burn them out Colt's can't prove it's Wallace, but everyone knows it's him Wallace has the Sheriff in his back pocket, so he has no help from that quarter. Colt has been alone a long time, his brothers left when Colt became so wrapped up in the ranch after their father's death Cole wants them to come home he also wants to bring the man who caused his mother's death to justice by his gun Meanwhile, the attraction is beginning to heat up between Colt and Victoria. Wallace has decided he needs a wife to enhance his standing, and to dress up this life. Victoria has secrets, secrets that are sure to be exposed, deep secrets Colt and Victoria will finally have a happy ever after but not before adversity and evil will impact their lives This is a clean love story between two strong people fighting for their future in the west, where only the strong survive and evil at every turn. I look forward to the next book in this series I recommend this book for any one that like a good solid clean love story. I received this book from the publisher and Netgalley in return for an honest opinion. I love Historical Romances like Promises Kept by Scarlett Dunn I love being able to see how things used to be even if through the eyes of a fictional romance It's fun and it lets me forget the kind of world we're in now for just a little bit. Victoria Eastman is a strong woman For much of the book it seems like she doesn't even fathom just how strong she is And to be honest, while I love the cover, according to the descriptions of her in the book it does her no justice So here we have this gorgeous woman who tries like hell to hold her own and provide for her boys She's willing to go so far as to advertise her need want of a husband Someone who can help take care of her and the kids Colt McBride is the dreamy sort of cowboy that every woman, or at least a lot of them, fantasize about at least once in their lives The kind that will step in and defend you The kind that will take care of you The kind that will treat you with the utmost respect And the kind that will make you melt like a popsicle on the pavement in July He's a hard worker and he's a good, kind man He takes care of people and they love him for it But both of them

are stubborn as hell And it gets frustrating at times Victoria has sworn off cowboys all together and Colt swears that he s never going to get married Ever Haven t fictional characters figured out yet that they shouldn t do that sort of thing I suppose it s good that they did, or else we d not have fantastic stories like this to read Not everything is biscuits and gravy though There s a man in town who wants the land that was left to Victoria, and all of the land around it, and has decided he will stop at nothing until he owns it all This includes stealing and killing off cattle and people He even goes so far as to try and court Victoria but things turn sour and she s not sure how to save herself, or her boys I loved this book I think I may have mentioned that already I love period novels Just love them to death Promises Kept delivers the window in to history along with the romance and the suspense all rolled up together There are a lot of wonderful characters that we get to meet and see fleshed out quite a lot Even if they seem like they re just background, they re not No one is just a bit part I think that s wonderful Lots of well rounded people to love and read about If you love historical romances, this is definitely the book for you If you love Christian or inspirational fiction, this is the book for you Even if you don t, this is still a wonderful story to read because it s not an overwhelming aspect of the book at all I am definitely looking forward to reading others in this series Review copy provided via NetGallery in exchange for an honest review

Summary Promises Kept Victoria Eastman grew up in a Texas saloon an experience that made her tough, resourceful, and determined to forge a new life So she places an ad in a gentleman s newspaper and soon finds herself a suitable arrangement on a farm in Promise, Wyoming Only problem is that her would be husband turns up dead the day she arrives Rancher Colt McBride is known for his true grit and business smarts Yet when it comes to his new neighbor, Victoria, he s stumped Who is she, really She s lovely to look at, of course, and has proven herself a gentle soul She s even causing him to question his staunch bachelorhood But any kind of future may be shattered when a stranger reveals a secret about Victoria s past one that could destroy them both Unless, together, they can take a leap of faith right into each other s arms.

Review This book has it all, great plot, great characters This is one of those rear books you start reading, and you can t put it down until it s finished even if that s at 2 30 am Not many books keep me reading way into the early mornings You see I live on a small ranch and have chores to do early morning, and I m one of those people who needs 7 to 8 hours a sleep most days, but I just couldn t seem to be able to walk away from this story It had me laughing at parts and crying at others, and then just plain mad that Victoria could be so blind. Reading this story was like watching a movie in my head as I read it I could see it and feel everything that was going on I didn t find any grammatical or punctuation errors, which always makes the story that much better The flow, as well as the development of the characters, and plot is spot on. I fully understood why Victoria had lost her faith I ve walked away from fear, which isn t nearly as bad as feeling God isn t answering your prays or watching over you I could feel the pain of abandonment she felt from God I know when you shut the door on him it s hard to see what

is right in front of your face All the emotions within this story feel so real from each of the characters I don't have a favorite one I loved each and everyone and, so look forward to reading about them in the upcoming sequel. Conclusion Would I recommend this book to my friends YES Would I read other books from this author YES and I plan to read each book in this series. Is this a Novella or Novel Novells this book priced correctly Yes the price listed for a paperback copy seems very fair.
