Just sayin It is no secret that I am a massive fan of this authors work, so having her release something of a Christmassy nature makes me happy as it means I can go back and read it year after year. Brinn and Davis are the kind of characters that you can't help but like down to earth, pretty regular, and within the realms of believability This isn't a book full of angst and over the top drama, it is a well thought out, brilliantly verbal, emotional and perfectly written romance story for someone looking to add a little Christmas magic and sparkle to their regular reading list I'm not free, But I accept manual, oral and penetrative forms of payment The story starts at Christmas and ends at Christmas 2 different ones but a whole lot happens in between I think this is where Karla's skill really shines, as nothing feels rushed, the characters and the plot are fully developed and the secondary characters are relevant and well integrated into the storyline as a whole image error A smutty, buddy, Christmas read with Jennifer, Mysza and Nikki Thanks girls Loved reading with you Gift Wrapped is a fun, sexy read, perfect for the holiday season For Brinn and Davis, a chance meeting on Christmas Eve turns into a month long arrangement full of naughty fun I'm going to fuck the good girl right out of you tonight Overall, this was a sweet, steamy, Christmas time read, one I'm sure most of my naughty friends will enjoy

KARLA DOYLE

4.5 Panties melted, Heart stolen stars This was my first book by Karla Doyle and I loved it! It was just what I was in the mood for. My title sums it up, it was hot, sexy, sweet, and funny. It's one of those books that leaves you with a cheesy smile on your face because it was just that enjoyable. The perfect romantic holiday read. So, Brinn is a retail store manager working on Christmas eve. She is depressed after a bad break up and is happy to be working to keep her mind off of it. Her last customer is Davis, a hottie with dimples who ends up being the last minute Christmas gift she picks up. I loved their banter and chemistry. Did I mention he is a professional chef? I was a little jealous of Brinn, I wouldn't mind playing in his kitchen with his really big whisk wink wink. The fortune cookies were just adorable, as if I wasn't already in love with him, I was in a huge book slump when I picked this up, so I'm looking forward to trying out of Ms Doyle's novels. I think my smut loving friends will be happy with this one, and it's a stand alone with a great epilogue. Thanks to the ladies from the BR FOUR STARS BR with Mel, Dee, Sharon, and Wendy. This book just hit the spot for me. A light on angst, sweet and sexy read. This is not my first Christmas romance, but it's definitely going on my naughty nice list. What I have come to learn about Christmas themed romances is that for the most part they tend to be very easy and entertaining reads. You aren't going to have your mind blown but you will find enjoyment while reading them. Brinn is a retail store manager who meets a handsome stranger one night while closing shop. He's desperate to get a last minute Christmas gift and she ends up having a heart and letting him come in after store hours to pick out a gift. They end up having fun flirting. One thing leads to another and Brinn is being invited over for a Christmas Eve dinner date at Davis place. She has just recently broken up with her cheating ex boyfriend and Davis seems like a nice distraction. Davis can offer her some fun and panty melting sexy times but he makes it clear he is not a relationship man. We've read countless books with this scenario and so it's not like you're going to be surprised by all that goes on and how it ends. Yet I still enjoyed reading this story. I loved every single panty melting sexy time scene. So sue me for being a little pervy. There is an HEA and it was oh so sweet. I recommend this book if you're looking for a short read filled with entertaining Holiday Cheer and Smut. 3,5 Wrapped Stars Brinn and Davis met when he's last minute shopping in Christmas, after being the victim of a heist. Brinn is sick of unkind costumers and recently found out that her boyfriend was a cheater, so she isn't exactly in the mood for people who just remembered to buy presents, and makes her opinion pretty clear. But Davis loves her quiriness and they end having a hot affair that goes beyond the festivities. They both want a non strings relationship, but what they are getting, is pretty far from it. But at least they're enjoying the hot ride. I needed a light, funny and steamy book and was recommended this one. I have to say I was not disappointed. It delivered exactly what I was expecting, the heroes were nice without making much drama and the writing was easy flowing. If you are in one of those days you need something that isn't overly dramatic and angst and is steamy and romantic, this is the book for you. A pretty good holiday read. Rating 3,5 Stars. Characters Development I liked both Davis and Brinn.

They were honest, didn't jide what their thoughts and feelings and didn't make unnecessary drama Not to mention they were seriously hot together Steam HOT Sensible Subjects view spoiler No hide spoiler
