. I sing whatever comes into my head It ll be heard by who it s meant for, and who isn t meant to hear won t understand Free will is the ability to chooseNo I would like to believe so

But there are countless limitations and restrictions which make me wonder why we have been granted with it, if we are going to be judged and chastised for our choices. This is such an argument of a man, Pechorin, who is often alienated for his nullifying philosophical and vilifying romantic views. There is something superfluous about this story, a superficial one might think. I ask you, dear readers, Haven't you ever felt superfluous about your life at all? If the answer is NO, you better not read this book and also my super superfluous words. If the answer is YES, I welcome you to read further, starting with the words of the poet whose words on superfluity are too profound to be categorized as superfluous: That man of loneliness and mystery, Scarce seen to smile, and seldom heard to sigh Whose name appalls the fiercest of his crew, And tints each swarthy cheek with sallower hue Still sways their souls with that commanding art That dazzles, leads, yet chills the vulgar heart What is that spell, that thus his lawless train Confess and envy yet oppose in vain What should it be, that thus their faith can bind The power of Thought the magic of the Mind Linked with success, assumed and kept with skill, That molds another's weakness to its will Wiolds with their hands, but, still to these unknown, Makes even their mightiest deeds appear his own Such hath it been shall be beneath the Sun The many still must labour for the one Tis Nature's doom but let the wretch who toils, Accuse not hate not him who wears the spoils Oh if he knew the weight of splendid chains, How light the balance of his humbler pains

George Gordon, Lord Byron Our hero, a character of incompatibility, is not a romantic hero with overwhelming love for his women. But, at the same time, his feelings for them are genuine, even if they are only transient. The futility of existence and the certainty of death drives him away from the banal lives which others live, to live in an ineffable solitude. His fleeting romantic adventures do not give him much hope. He was strangely struck by the feminine tenderness and servile relationships. Fickle friendships made him disillusioned. Triumph over others' losses and his being the reason for them made him relish his existence. Vanity extends his claws deep inside him. But he can't help despising himself. There is nowhere he can go. There is no love which can absolve him from his troubled life. Lost loves make him wretched. Friendship has become or less an obligation rather than an enchantment. Life has become an After Life he is afraid of. Duel has become his destiny. No our hero is a romantic hero who sulks in his melancholy for his superfluous life. His women feel No he is not an infidel that they are simply being enslaved by his futile pursuits and aimless adventures. He is not the one who is meant to be happy. With his growing dissatisfaction with his life, everyone gets rid of him or, sometimes, he forces them to. But nobody can understand how far he would go, just to take even a last look of his lost love, even if he needs to torment another soul willy nilly. Such is the ordeal of our hero. Closing the argument with the preface from the author, A Hero of Our Time, my dear readers, is indeed a portrait, but not of one man. It is a portrait built up of all our generation's vices in full bloom. You will again tell me that a human being cannot be so wicked, and I will reply that if you can believe in the existence of all the villains of tragedy and romance, why

wouldn't believe that there was a Pechorin. If you could admire far terrifying and repulsive types, why aren't you merciful to this character, even if it is fictitious? Isn't it because there's truth in it that you might wish? Note: Better read with Nabokov's translation. Truly splendid. I decided that I am not going to write anything about this book which is quite amazing and puzzling in its own ways. And it is indeed sad what had happened to Lermontov. Check out Florencia's amazing review of this great book. 1825-1917-25. . 1..

Vrouwen houden alleen van mannen die ze niet kennen Aan de hand van vijf ingenieus verbonden novellen krijgen we een indringend psychologisch portret van de jonge officier Petsjorin, het prototype van de Russische overtollige mens Petsjorin is een gedesillusioneerde, ale dandy Ambivalentie viert hoogtij, nog versterkt door knipoogjes naar de clichés van het romantische genre. Puntig, lyrisch, sarcastisch, vitaal proza zoals het tegenwoordig niet meer geschreven wordt Helaas was Ruslands tweede dichter hetzelfde lot beschoren als zijn grote held Poesjkin hij stierf op 27 jarige leeftijd in een banaal duel. 1814 1841 1798. &Free Book ? ?????? ??????? ???????? ? In Its Adventurous Happenings, Its Abductions, Duels, And Sexual Intrigues, A Hero Of Our Time Looks Backward To The Tales Of Sir Walter Scott And Lord Byron, So Beloved By Russian Society In The S And S In The Character Of Its Protagonist, Pechorin, The Archetypal Russian Antihero, Lermontov S Novel Looks Forward To The Subsequent Glories Of A Russian Literature That It Helped, In Great Measure, To Make Possible One of the most interesting, eye opening books I ve read I m not that familiar with Russian literature, but the I read, the I m falling in love with them This book has got to be one of the most extended, sustained meditation on the egotistical mind of a young casanova But strangely, the novel doesn t make me despise its protagonist There is something intriguing, almost refreshing about the calculated cruelty yet disarming honesty of the protagonist He knows he can t commit and says so Then he ponders about the meaning of life and why he was born when he causes the misery of so many around him This book raises the questions of why we do somehow, irrationally, get attracted to such characters As a female reader, I m just amazed by the intricacies of the protagonist s mind and I loved the experience of entering into his psyche with his elaborate schemes to seduce women This is definitely also a great book for those who want to educate themselves on how crafty a casanova s mind can be while some male readers may secretly admire the protagonist s antics and admit him to be a hero of our time I highly recommend it A Hero of Our Time, part swashbuckler, part travelogue, which first appeared in 1839, clearly had an influence over another certain famous Russian writer who sported a great big long grey beard Infact this could quite easily have been written by Tolstoy himself Opening in a vast landscape, the narrator is travelling through the Caucasus, he explains that he is not a novelist, but a travel writer, making notes Think a sort of Paul Theroux type The mountainous region were supposedly fabled, Noah s ark apparently passed by the twin peaks of Mount Elborus Must have been a wonderful spectacle for the elephants, giraffes, and rhinos Beyond the natural border of the River Terek was an alluring and dangerous terrain, where Ossetians, Georgians, Tatars and Chechens harried Russian soldiers and travellers, or offered uncertain alliances But just who could you trust Lermontov s narrator marvels at the purity of the mountain air, and the delights of welcoming a sense of withdrawing from the world But he also feels a sombre and bewildering depth, that the hidden valleys hold a foreboding He meets an old Caucasus hand, a staff captain called Maxim Maximych, who has been in Chechnya for a decade and who warns him about the

dangerous ways of the region's inhabitants Maxim Maximych begins to rabble on to his new found friend about the ravishing tale of a young officer he met five years earlier, Pechorin who is now dead had a lively energy and a changeable temperament, he could hunt for days one minute, and hide in his room the next Whilst spending time at Maximych's fort, Bela, the daughter of a Tatar prince caught his eye, casting flirtatious looks at him as one does And even sings him a love song Ahhh, how sweet. This story then involves the Prince's son, who is after the horse of a local bandit, Pechorin offers him a deal He steals the horse, if Bela is delivered to him But after the exchange, the bandit goes looking for blood. Unlike Tolstoy, this is not some huge Russian beast of a novel, as it sits comfortably at under two hundred pages Although there turns out to be three different narrators, the whole thing works well, and is perfectly graspable for anyone who has read any of the old Russian classics Lermontov doesn't beat around the bush when kicking things off, and builds a picture straight away The book makes its points efficiently, in a little amount of time The character of Pechorin was far intriguing than anyone else, and his part of the overall story I found the better What is striking is Lermontov's handling of form, the way Pechorin emerges gradually in a fragmented narrative that anticipates Modernism in its perspectival shifts The book not only pleased Leo, but Gogol, Dostoevsky and Chekhov as well Lermontov deserves to mingle in with this crowd He really wouldn't be out of place He demonstrates that literature is the most beautiful artform when written in this fashion.
