#Read Book à Reunited with the Cowboy ô eBook or E-pub free

The authentic characters and appropriate pace add to the enjoyment RT Book Reviews, 4 stars. Miniseries Refuge Ranch I m not one to write reviews, but I won this book off of a

Goodreads contest so I figured I'd give reviewing a shot I love the quiet simplicity of Carolyne Aarsen's books Her faith is very evident in her writing, but it's not overwhelming It feels natural I also like that her heroines seem very realistic and have problems that I myself can relate to even though I've never personally been beaten by anyone unless you count that one fight I got into in grade school They feel like people I would like in real life Her heroes sometimes feel a little over the top, but not by much All in all this was a very good read Nothing hot and steamy, which I sometimes am not in the mood for On to book three in the series #Read Book ? Reunited with the Cowboy æ Second Chance At Love Heather Bannister Is Back In Montana For Her Sister S Wedding But Returning To Refuge Ranch Brings Her Face To Face With A Past Best Forgotten Including High School Sweetheart John Argall Now A Single Dad, John Simply Wants To Provide For His Daughter S Future And Heather S Reappearance May Be An Obstacle To His Plans To Buy Into Her Family S Ranch Yet When Heather Agrees To Babysit His Sweet Little Girl, The Old Feelings Come Flooding Back And John Realizes That Heather May Have Left Town Years Ago, But His Love For Her Has Endured Could This Be Their Second Chance At A Future Together Refuge Ranch Where A Montana Family Comes Home To Love Refuge Ranch

Book 2 This is the second book in a three book series about a family The Bannister s who own a ranch In this book we meet the adopted daughter, Heather, as she returns for what she hopes is a short visit to help her sister plan her wedding shower But an accident puts her in contact with John, her father s foreman, and his sweet little girl who lost her mother during childbirth She and John have a history before she left him for a man who promised her a great modeling career in New York. Things didn't turn out so hot for either Heather or John Due to family circumstances, Heather is asked to stay and care for John s little girl, who John believes she doesn't like John resents this until he learns the truth behind why she is uncomfortable Other circumstances along the way put the two together, and before they know what s happening they begin playing on their attraction to each other. Carolyne Aarsen wrote a wonderful book about a couple trying to put past pains behind them and finding a way to love again The romance is sweet and true There is conflict with John s in law s that adds to the story My only complaint is that I thought that issue was resolved way too easily wouldn't happen like that in real life Love Carolyne Aarsen books from Love Inspired This one was typical of her style Heather Bannister is back at Refuge Ranch following the break up of her marriage Model gorgeous, she struggles to feel good enough for her adoptive family She married on the rebound from her relationship with John Argall and lived to regret the decision Now she s back and John, widowed with a 2 year old daughter, is still at Refuge Ranch Will she be able to overcome her feelings of unworthiness to let her family s love build her back up Moreover, can she forgive herself for her mistakes in order to see that she and John, together, is still a possibility I enjoyed Reunited With The Cowboy a Refuge Ranch series by Carolyne Aarsen Heather had a very bad childhood life The Bannisters adopted her when she was ten They

have a daughter and a son Heather had lots of problems She left the ranch to model Mitch was looking for models Heather went to New York with him She became pregnant Mitch spend all her money She married Mitch since it was his baby He ended up beating her She lost the baby when he hit her and she fell down the stairs She goes back home Finds out that John Argall s wife died after giving birth to their baby who is two years old now John had always loved Heather Things happen They get together A much read to see all that happens. A cute story I got upset about the side comments about heather s sister relationship What I didn t realise when I first read this book as it was the second book in the series While you won t need to read the first book in the series to understand the main story Some including myself might get upset about a comment about the sister marrying a guy who s brother abused her If this be the case I encourage you to read the first book in the series a cowboy hero which covers the story of her sister and tanner getting back together A give you background on why someone might marry a brother of someone who abused you. received 4 stars RT Book ReviewsMiniseries Refuge Ranch Better than most Love Inspired books I still struggled with figuring out Heather s history and why she did what she did Some of it stems from her biological mother and her fears that she d be similar I m not quite sure why Heather went to college It seems a combination of her adopted parents wanting her to and her wanting to prove she was worthy of John But from what I could tell, she felt alone at college and that affected her performance there I m not sure if that was the sole reason she didn t do well in college but it is the one that s discussed in the book Then, she felt guilty that she d wasted the money Ellen and Monty spent to send her to college and fell into Mitch s plans for her to become a model It seems Heather did have a fairly successful modeling career for a time She was able to pay back Ellen and Monty for the college tuition somehow, since it seemed Mitch managed her money and didn t make the wisest choices He also pushed her to take jobs that he knew she wouldn t approve of the results which is part of what caused her to quit The rest of the plot seems set to keep her in Saddlebank and near John. The reason I say it s a bit better than the average LI story is that the author does have Heather learn some lessons and confront her fears about her past.
