I won this book through Goodreads Giveaways Story was strong with a lot of backstory
Main characters had faults they had to work through to get back together Can a couple that

was destroyed by one's personal demons make things work when they try a second time Or are they doomed to strike out again This is the sixth book in the series and the first one I have read. Brett had sold his dot com business and was working overseeing many charity organizations His work kept him very busy One of the organizations he is on the board with is The Lemonade Stand for abusive women. Ella was working as a Head nurse in a neonatal unit for high risk infants She was also part of a high risk team at the Lemonade Stand One day a grandmother dropped off an infant in need of help The mother finally came in, Ella of course wanted to help. Ella and Brett use to be married and the break up was done harshly, abrupt But because of their work interest they end up back in the same town doing work that brings them together. I really loved this story, I loved that it shows there are help for women out there and there is also love out there, even when it is hard to realize. I can't wait to read the other stories in this series. I was given this book in exchange for an honest review.

The Good Father

TARA TAYLOR QUINN

MILLS & BOON

think I'm going to have to avoid Quinn's work in future. There seems to be very little actual romance and instead features extremely dysfunctional families, deep psychological issues, trauma and lots of family abuse/violence. Not an enjoyable read.

The Good Father? Starting Over Again

It seems a lifetime ago that Brett Ackerman wanted to share his life with Ella Wales. He really believed he could put his abusive family history behind him until he realized it would always be part of him. Then he pushed her away. Hard. Now Ella's back as part of the High Risk Team at The Lemonade Stand, the unique women's shelter Brett founded. And she needs his help with a family crisis. But even now, Brett can't admit he still loves her. Until one night of passion with Ella turns Brett into the one thing he fears the most: a father.

If you've never truly understood how abuse affects a person, child or adult, read this book. Brett Ackerman founded the Lemonade Stand, but his money doesn't really tell him what it means to the people who seek refuge there. He's walled away his heart to prevent him from following in his abusive father's footsteps, and no one knows he's the money behind the Lemonade Stand. Ella Ackerman divorced Brett after he rejected the baby they created, and she leaves him to grieve the loss of that baby alone. Is it Fate that brings her back to take part in the High Risk Team? She's glad she's there when her brother's wife needs help. Even Brett steps up to help his former brother-in-law. But even a dawning understanding of Jeff's issues doesn't prepare Brett for the ultimate test and what Ella asks of him. A story worth re-reading again and again. I found this book to be such an emotional roller coaster ride for me. It took me

through feeling and thoughts that I never thought about The characters are so realistic and lovable, I mean how can you not love them with everything that they have been through The story plot is so real, and when I say real, I mean real Once you pick this book up you find yourself lost in it You feel their feelings and emotions This was the first time reading for this author and I have to say, she is now on my all time favorite list that I will be watching for releases from Received for an honest review I won this book in a GoodReads.com giveaway. I found this book lacking in a lot of ways Interested in what else I thought you can check out my blog. Miniseries Where Secrets are Safe
