## [ FREE EPUB ] ? Family Pets ? MOBI eBook or Kindle ePUB free

The main character, Thomasina wakes up one morning only to find her foster family members all turned into animals She then goes on a short quest to sort things out, accompanied by her pet snake that is now human Weird, right Despite the constant references to Harry Potter, this was still an OK read. In fact, the many quirks of Boris the Russian made me chuckle than twice Possibly because right now I m reading listening to The Magician King, but likely just because of this book itself, I wasn t all that impressed The story was sort of puppy love Harry Potter pre Hogwarts goes sideways The authors seemed rushed to get the story out, which resulted in a whole lot of telling and very little showing even though it was a graphic novel shouldn t this make showing easier and a bunch of characters I couldn t really care much about, but then it didn t really say anything unique, tell a new story, or even tell an old story a new way The art is pretty, although a lot of the characters look very, very similar Thomasina, her female cousin, and her mom are identical, even though I m pretty sure Thomasina and her mom are Hispanic and her cousin is supposed to be Caucasian Also, I wish it were in color This is obviously a personal preference I m just not that into black and white graphic novels. I d really only recommend this to kids who have run out of Harry Potter graphic novel read alikes And even then, pretty much any fantasy graphic novel tops this one It s just someh.

Sarah Dill

This was the first graphic novel I've ever read, and honestly at the beginning I wasn't liking it so much. Books give you time to get into the story, to start caring about the characters and to start knowing them. With graphic novels the time is shorter and you know if you're going to like the story or not since the beginning. But this story, it gets better in the end. So much better that it made my heart melt and it took me a 5 star rating. Thomasina lost her parents when she was five, and at sixteen years old she lives with her grandmother, who wants to be called Abuela, her uncle and aunt and her cousin. Even if she has the love and the support of her Abuela she still feels like no one understands her, except for her snake, Sebastian. One day he turns into a man, and this is where the story begins. Thomasina is just a sixteen years old girl that has seen a lot of sadness and suffering in her life, and I understand her feeling so alone. But I liked even when she starts to realize that she doesn't need anyone to make her stand up, because she can stand up on her own feet and for herself. This is a very funny story that I liked so much and that made me laugh so many times. My favorite character was probably Snake Sebastian, I loved him because he has the same sense of humour that I have, so I was able to relate to him. And Boris, oh he was the funniest one. The other characters were kinda flat and I didn't like them so much, but they were still funny. As I said before this was my first graphic novel, and even if I had some problems to start this genre and to start understanding and liking it, I think that sometimes soon I will read another graphic novel. Thank you NetGalley for sending me this eARC. This book is good [ FREE EPUB ] ? Family Pets ? Ever Since Her Parents Died On Her Fifth Birthday, Thomasina Has Been Daydreaming That Someday Something Amazing Will Happen In Her Life To Make Up For The Hurt She's Been Through But After Turning Sixteen, Thomasina Begins To Accept That Her Life Will Remain Unremarkable But When She Wakes Up One Morning To Discover That Her Foster Family Has Been Turned Into Pet Animals And Her Favorite Pet Snake Into A Dashing Young Man, Her Ordinary Life Will Turn Into An Extraordinary Adventure. Read this Graphic Novel I think back in June. It was ok, nothing crazy different. A girl learns that magic is real when she wakes up and her foster family has all been turned into animals. She has to follow the magic so that she can change them back. But her pet was just turned into a human and doesn't want to go back. A fun little book for kids third grade on up looking for a fast light read. This is the normal kind of graphic novel that I read but I thought the synopsis sounded weird so I was really interested. The whole book was a little but it wasn't really boring. I liked the art a lot and I think the length was about perfect. Family Pets would be a really good graphic novel for young kids or someone looking for something fun. I thought I'd like this comic a lot than I actually did. The artwork wasn't that great and the story had promise, but wasn't fantastic. I typically like my comics just a little darker, but I thought I'd give this one a shot. Unfortunately, it just wasn't my style. 2.5 This was pretty cute. A little too young adult safe for my liking, but had enough plot and twists to carry the thing through and be entertaining. Would love to read, especially about Sebastian.
