[Look to the Hills: The Diary of Lozette Moreau, a French Slave Girl](#)

Posted on 07 November 2019 By Robert Rangel

*EPUB ? The Red Dot Club ? Ebook or Kindle ePUB free

This is a true crime drama written by former LA sheriff and detective Robert Rangel Each chapter is a different account of officers who were involved in real world gunfights and were wounded in the line of duty as a result The first such account is the author s own experience The rest are LA area officers Rangel interviewed Harrowing and interesting, the book gives you a new appreciation of the dangers faced by law enforcement officers. A very helpful book to read if you are a police officer. This is a true accounting of officer involved shootings during which the officer deputy was shot The author tells his personal story of such an incident, and then tells the stories of others It is a real page turner, and here you will read about the true heroes and have firsthand accounting of what it is like to survive deadly encounters Not for the faint of heart. Stories that being the streets to a bookAs a retired police officer, who worked in a small town and a large city, this book brought along a reminder of my close calls Have nothing but respect and care for those LEOs out doing their job. WOW The stories are riveting This is something about which most of us have no experience Very inspiring Thanks for sharing.

The Red Dot Club

VICTIMS / VOICES

was ok I wasn't blown away by it. It does give you a pretty good appreciation for what police go through. I was given a copy of *The Red Dot Club* by the author, Robert Rangel to read before he was a guest on *Deadly Reads Radio Journey into the Night* on *Blog Talk Radio*. I normally don't read non-fiction, but I have to say I'm so glad I read this one. For those of you who don't know, I'm the mother of a Police Officer. Our daughter has served her community for 5 years now, and has already had some pretty intense things happen to her while she was on duty. So, when I was asked to read this book I wasn't sure how I would take it. You see, it's because *The Red Dot Club* is a very elite club of Law Enforcement officers. The reason it's so elite is because one has to have been shot in the line of duty and survived. I have to say Robert was able to tell each story in the book with passion and the ability to give the reader a clear understanding of what each officer felt and thought as they faced death at the hands of those hell bent on killing them. What makes the book so full of passion and emotion is that Robert, himself is a member of *The Red Dot Club* having been shot while an LA Detective for several years. As I read each story in the book, my heart broke for what they each went through. And I found myself feeling such pride at the courage and sacrifice each of them faced each day they put on their badge and went to work. I highly recommend this book and firmly believe it needs to be shared to educate those who never stop and think of what one faces when they face those who would do us harm. If you want to listen to Robert and some of the officers from *The Red Dot Club* that appeared for back to back evenings on *Deadly Reads Radio*, use these links goo.gl/qF0XCI and goo.gl/OMhiL4. You will not be sorry for reading this book. I gave it 5 Stars, but would have given it if allowed.

*EPUB ? *The Red Dot Club*  *The Red Dot Club* Victims Voices Details Firsthand Accounts Of Heroism Performed By Peace Officers Recounting Numerous Incidents Where Criminals Try To Kill Them, These Officers Detail Their Accounts Of Fighting For Their Lives In Millisecond By Millisecond Time Sprinkled Throughout The Book Are Other Incidents Officers Have Experienced That Are So Horrific That The Officers Themselves Become Victims Additionally, The Devastation That Illegal Drugs And Gang Violence Wreak Upon Society Is Clearly Depicted, And Is A Cry For Our Society To Denounce Them, And Espouse Integrity And Values *The Red Dot Club* is a collection of stories about ordinary heroes who put their lives in danger in order to protect our streets. I was really moved by all of these stories because all of the individuals put themselves in situations most people don't experience. My dad was one of the officers written in this book and reading his experience is a lot different from just hearing about it. I look up to all of these people for being so selfless and doing their job, regardless of the negativity and hate that is thrown towards them. This book gives you an insight into what it is like to go through a shooting and how it affects a person physically and mentally. It is a story about war and it is truly powerful and intense. **POWERFUL COMPELLING** After hearing people recommend this book, I read it. Some spoke of reading in a single sitting, flipping from page to page, unable to set it down. That was NOT me. I read each story felt compelled to reflect absorb the story. Powerful.

expression by each individual officer deputy, telling of their fight for life. After a few months, I re read the book from end to end on my iPad.
