WARNING Spoilers Ahead DO NOT READ THIS REVIEW, IF YOU HAVEN T READ THIS BOOK My Rating 3 Stars because There weren t enough tense situations or titillation between the hero ine before they started kissing Initially, the elephant in the room isn t addressed before the kissing commenced.The place where they consummated their attraction just NO ew I was bored by the dual fighter and real estate mogul story line of the hero and I wanted him to be one or the other, but not both.Why change residences if you re only looking at two weeks before you want need to move out It madesense for the heroine to continue living with her parents since all she did was work and return home.The mystery surrounding the heroes business dragged on and should have concluded earlier or the mystery needed to be multi layered The hero became judge, jury and ultimately executioner of his enemies What they did warranted jail time, not a view spoiler death hide spoiler Great I love Joshua and Kayla story, Although I loved Josh and Kay story Aaron and Patience will always be my favorite I would recommend this book. 2 Meh I was too lazy to write a review. Joshua and Kayla 4.5 Stars for Childhood Friends to Lovers Romance Another Townsend brother stakes his claim and refuses to let go Love me some Townsend brothers All I can say is that I love me some Townsend lol Of course Aaron is my favourite but Josh is cool

too Can t wait to read about Tyler

I love the Townsend brothers and the books about Aaron and Carter were off the chain hot romance books, but Joshua's story fell a bit short for me. The romance between him and Kayla was just OK for me. I mean, he's intense like his other brothers, but I don't know, I think what threw me off a bit was him being with Chelsea before she died. Kayla's best friend and then years later, him and Kayla realizing they loved each other since kindergarten. Well, I guess it's a good thing the poor girl died then because that would have been a mess. I guess things happen the way they are supposed to. I also didn't like that other storyline about Josh's real estate company issues. That was boring. I did however think that Kayla's sexual assault storyline was done well, except for how it turns out in the end..hint Josh is heavily involved in how that shapes up. Otherwise, I absolutely love Tiffany's books. I've read just about all of them and I'm actually looking forward to reading Ty's love story the baby brother of the Townsend clan and also reading about Don's love story fire fighter from the rescue series. He's a very interesting character. Overall, this isn't a bad book, it's fine, just not even close to as good as Aaron's and Carter's. Chelsea Knew Joshua is a total Alpha, he will go to any lengths to protect Kayla, that includes going behind her back if at all necessary. Aaron gave Joshua the best piece of advice and I am so happy that Joshua followed that advice. I cannot wait for Tyler's book to come out. I am looking forward to Damon, and Brutus story next.

reading how loving protective and possessive these men are over the women they fall in love with Definitely worth a read. EhhGood effort, but the characters felt underdeveloped and lacking in chemistry Also, the sabotage of his company plot line as well as how they dealt with the rapist and harassers was just unbelievable I wanted arealistic storyline Overall,I don t regret reading this, but I won t reread it in the future.
