Even though it was good book, and it had a good story behind, I felt I could never really connect with the characters until the end It felt a little slow most of the time and at the end

the story unraveled in what felt like a second. It's a sweet story overall, and it is worth a try. It just wasn't for me at this moment. As with all of these books, a tried and tested formula. A little sweet, a little stupid, but light and easy. Always good for a quick read. #FREE

DOWNLOAD é First Comes Baby Ö Laurel Woodall Dreams Of Having A Baby But She Can T Let Herself Fall In Love And Will Never Again Let A Man In Her Life Without A Husband Or A Lover Caleb Manes Thinks Laurel Is His Future When He Hears She Wants To Have A Baby On Her Own, He Volunteers To Be The Father Making A Baby In This Unconventional Manner Isn T The Best Way To Further A Relationship With Laurel, But It Might Lead To Something Now He Just Has To Convince Her That This Is What Best Friends Are For Months Later It S Not What They Re Expecting I liked this one a lot Our heroine was scared to be in an committed relationship because 5 years before she was raped but she still wants to be a mother so she goes to find a sperm donor who is her best friend As the pregnancy months go forward they get closer and closer but it is still hard for her because she s still experiencing trauma from being raped It was a really nice read rape Good easy read, very enjoyable DNF 26% I might come back to this later but for the time being I can t finish it It probably the mood I m in but still Laurel was raped and left for dead while in college Fearing she will never be able to trust any man, but wants a baby real bad, decides to have a baby without contact to the father But her friend from years back volunteered to help her. Both so happy when finds she is with child Not the best way to start a family, but can she be healed and get trust back to become a real family Would recommend to others. The heroine of this book, the victim of a brutal rape, wants to have a child but can t stand to be touched by a man Seeking a sperm donor, she asks a friend only to have another friend the hero insist on fathering her child As her pregnancy proceeds, will she be able to overcome her past and be together with this man who obviously loves her An interesting book for an artificial insemination rape recovery romance a touching love story, and the psychological profile of the heroine especially seems realistic, when the whole book could have been far fetched and ridiculous. Nicely done story of a rape victim who asks a friend to help her have a child through AI He has loved her for 10 years but she doesn t know As he sticks by her through her pregnancy and the first few months after the baby is born she begins to overcome her fears from the attack Well written with believable emotion from both the hero and heroine He was a very nice kind man who had promised years ago to always be her friend and he never let her push him away The pace was good and the plot made sense Nicely done.

JANICE KAY JOHNSON

A NOVEL BY

This was a good story I especially like the heroine s triumph over her devastating past I debated between a 3 and a 4 but decided on 4 stars because the author mentioned Willamette That is to say, the story truly was well done Willamette was icing on the cake.
