Thank you to Netgalley for providing me with an ARC of this graphic novel in exchange for an honest review This graphic novel is definitely NSFW for mature readers I would not

recommend this for a younger audience since some scenes are very much explicit That said, I very much enjoyed it I liked how diverse the couples were and I also appreciated the fact that every couple had their story and then the smut was included in it It wasn't just sexy times, there were plots, and very good ones at that The book is very sex positive, something that was very nice. I would totally read a whole book with some of these couples as main characters. Well, I really liked that this is super inclusive and shows a lot of discussion happening between partners It's refreshing to see conversations about likes dislikes, consent, and safety being shown in erotic fare. Unfortunately, once each of the stories get to the spicy parts, I was left a bit cold The kinks within are pretty specific and if they're not something you're into, then chances are those parts are not going to be much fun I think it's great to see these ideas shown, but they just weren't my cuppa. Also, as much as I appreciated the supportive partners shown in each story, I sort of wish there'd been at least one story showing negotiation between partners who aren't necessarily fully into the same things So yay for showing diverse, inclusive scenarios And double yay for providing examples of being vulnerable to explain what you'd like to try Hopefully the next volumes will have events to learn 3 stars for Super Fun Sexy Times Thanks to NetGalley and Oni Press for providing me with a DRC of this book that will be available for purchase in August of 2019. @FREE BOOK ? Super Fun Sexy Times È Cartoonist Meredith McClaren Hinges Tells Five Short, Sexy Stories Featuring Superheroes, Supervillains, Sidekicks, And The People Who Love Them Showing Consent And Character Driven Erotic Relationships, Super Fun Sexy Times Answers The Age Old Question What Happens When The Mask Comes Off Two Sidekicks On Opposite Sides Get Stuck In An Underground Lab Together, And Find A Great Way To Pass The Time A Tactician And Superhero Discuss Their Desires, Limits, And Kinks Before Their First Time, And Perhaps Get A Little Too Excited In The Process A Pair Of Supervillains Explore Gender And Sex Together, While Growing Closer In Their Relationship Lesbian Heroes Try Out A Kinky Roleplaying Scenario, And Discover How To Make It Work For Both Of Them And An Exhausted Assassin Relaxes After A Long Day With The Kind Yet Firm Attention Of His Husband Told With Care, Sex Positivity, And Humor, And Featuring A Wide Variety Of Sexualities And Bodies, Super Fun Sexy Times Aims To Create An Erotic Reading Experience That Lives Up To Its Name I'll be upfront and say that I somehow missed the erotica tag on Netgalley when I first downloaded this graphic novel, so it did take me off guard a little bit to see how explicit the scenes were I wasn't going to mention that in this review until I noticed some other reviewers saying they had similar experiences, so I just want to point that out for anyone who may not be comfortable viewing explicit materials It didn't bother me, it just surprised me a little With that out of the way, Super Fun Sexy Times is an absolutely gorgeous, adorable, and inclusive AS HELL anthology about superheroes and their romantic escapades There is just such a wide variety of rep in here we've got characters of varying races, sexualities, identities, and body types and they're all so soft and sweet and lovable

There's a bit of exploration into some kinks, and what I loved most of all is how consent focused the stories were. In some of the stories, the romantic partners literally sit down, fully clothed and non-sexual, to discuss things ahead of time, and I thought that was such a fantastic representation of what consent talks need to look like for a lot of couples especially when kinks and exploration are involved. All in all, I just thought this was such an important, necessarily, lovely, and well-crafted graphic novel and I'm really appreciative that I had the chance to read it. Thank you so much to the publisher for providing me with this ARC in exchange for an honest review. Um, wow, hello. 3.5 stars NSFW. Probably 10x the number of drawings of private parts compared to a Saga installment, just FYI. These are fun and sexy, and sex-positive in almost every conceivable way. Even the superhero stories made sense. You know how hard it is to find erotica that makes sense. The art is not entirely to my liking, but still. Review copy provided by the publisher via NetGalley in exchange for an honest review. This was actually super cute. I loved the relationships in it and the way consent was a prominent theme. There was great representation of different sexualities, body types and kinks. This is pretty graphic, lots of dicks and vaginas, about haha, but it was also really tasteful and everything was done in a very loving and respectful way. I loved the little fact boxes about the characters at the end of each short story, the artwork was perfect and I will definitely be keeping my eye out for Vol 2. Thank you to the publisher for providing a review copy via NetGalley in exchange for an honest review. Oh, this was so cute and sweet and lovely. This is a very inclusive and diverse comic about superheroes and villains and their romantic lives, which is so very different from anything I've read before. I loved the artwork but fair warnings, it's graphic so definitely NSFW. And I really enjoyed how each character was queer, and so many intersectionalities involving race, gender, and body size. This was a super fun and quick comic that I recommend. Also hoping that there's a volume 2 in the works. If I were to sum up or perhaps magnify the experience I've had with this graphic novel, it would definitely be James Corden and Jamie Dornan going at it. You got that right, mate. Super Fun Sexy Times is composed of 5 short, racy and explicit stories that are sex-positive, LGBTQ inclusive, and immensely diverse. Humans are deeply and innately curious about everything that's going on around us, but do you ever wonder what some of our superheroes and infamous villains do on a holiday, even behind the camera? Well, it's quite amusing especially when they remove those tights, corsets, and steamy lingerie. Of course, they need a bloody break too for entertaining most of us. Kinks, sexual fetishism, and roleplay are explored in this little book. While Sexy Time Rings True to its title, Super Fun is a tad hyperbolic. Truth be told, this wasn't just my cuppa, unfortunately. The illustrations, narrative, and the writing style didn't quite grow on me, no pun intended. Aye, smutty, it is, but it would take a heap of smutty pages to hold my attention and this wasn't the kind of humour I was expecting. It still has its positives though as this book greatly fosters communication and a better understanding of each consenting partner's needs. 2.5 stars rounded down. Thank you NetGalley and Limerence Press for providing an ARC in

exchange for an honest review This graphic novel will be published on August 20, 2019.
