[Free Kindle] ? Something About Jace (Pineapple Grove #1) ? Weplayit.co

What a solid start to this new series by Jocelynn Drake Rinda Elliot I love when these two write together, it always works so well Something About Jace is about Trent Elrige who

featured briefly in Sadistic Sherlock, who is a famous actor and had a stalker who Dominic stopped, and it was clear to Dominic that he wasn't 100% straight going to South Florida to Pineapple Grove, a fairly small vacation town to have his own vacation for 6 months to get away from everything in his life at the moment, and it's there that he meets Jace Townsend while on the beach and Jace's dog Ripley crashes into him. It's all over from there for both of them. Even though Jace doesn't see who Trent is at first as Trent is wearing sunglasses and a hat, he is still drawn to Trent and agrees to a date although he's not sure it's a date until he gets to Trent's that night even without knowing who he is. He is shocked when he learns that he was talking to Trent Elrige earlier, but he does get over it pretty quickly as Trent is just himself and he's able to see him as a person and not just a famous actor pretty quickly. What follows is an incredibly cute, sweet, and romantic courtship full with waiting to have sex and just hanging out and getting to know each other and some really hot, sexy, passionate sexytimes once they do get to them. There were times in this it was a little slow for me, and then at other times there wasn't enough like it skips ahead a few months or weeks here and there, and with a longer book I feel like they could have had scenes but it wasn't too detrimental to my overall enjoyment of this book. I do also wish we got to see view spoiler them dealing with them finally being out to the world and dealing with that as a couple. We only got that happening at the end, so we barely got anything with how they dealt with it and such hide spoiler I'm gonna have a tiny rant here. Ok let's start with what was good here because sadly that list is short. This was a buddy read because some things need to be endured eerrrrrrl mean shared. While there were some good moments at the beginning of this one not great or amazing but they were ok and truthfully for the first half I probably could have comfortably gone with 3 stars but sadly the last 30ish percent tanked for me and it tanked hard. I could probably go on a bit rant here about all the things that went wrong for me but truthfully I'd rather spend my time writing a positive review for one of the other books that I've listened to or read recently so I'm just going to say one of the biggest obstacles on this one was the sex and seriously there was sex so much sex. I know I wasn't the only one skimming and rolling their eyes along with some ridiculously over the top moments and a side plot that was supposed to add some suspense, interest, drama all of the above things escalated and I suddenly found myself in the middle of a and maybe this seems a bit harsh but in comparison to the Unbreakable Bonds series or even Ward Security Something About Jace was a very solid disappointment. If you asked me Should you read this book my reply would be read Unbreakable Bonds but that's just my take on things. I just need to do one thing to wrap this one up a great big thank you to my buddy read gang in alphabetical order Anne, Christelle, Josy's Review, Shile Simone. You are all awesome and good or bad or anything in between any buddy read with all of you is always 5 stars [Free Kindle] ? Something About Jace (Pineapple Grove #1) ? DNF at 20%Wow, it s been a long time since I was this bored with a story I was yawning on the first page Not a good sign I thought the characters were all a bunch of uninteresting people I mean, to start a book with a small business owner meeting is so not interesting.And even when Jace and Trent met I was still so incredibly bored I don t think this series will be for me. Oh well This didn t go as it was supposed to.When Trent first appeared in Sadistic Sherlock, I really liked him and wished for a book about him This wish was granted and I was really excited about reading it but sadly, it really didn t work for me.Trent and Jace as characters were great but there was no relationship development Every important scene between them was off page and only shown in flashbacks What was on page was sex, sex, and sex Did I mention the sex It was too much and because the conversations and tender moments weren t shown, I wasn t able to form a connection to the MCs and I honestly don t know how the MCs were able to build a relationship that went beyond insta lust.The mystery was Well, I won t even call it a mystery It was just added drama.The ending was so seriously OTT, unbelievable, and ridiculous that I don t even know what to say Also, there was no epilogue and this is a book that needs one because the lives of both MCs are about to change drastically and without talking about their plans how to handle that, without showing a glimpse into the future, I have a hard time believing in a HEA There is so much that can go wrong after the I love you s were spoken out loud, so much that can put a strain on their relationship, that I needed to see at least somewhat of a plan on how they are going to handle the public scrutiny The best part about this book was Ripley, the sweet Golden Retriever who played matchmaker, and reading this book with my ladies in no particular order Christelle, Karen, Anne, Simone, and Shile Without them, this would have most likely ended in a DNF Thank you, ladies, for making this buddy read so much fun After loving the Unbreakable Bonds series and mostly enjoying the Ward Security series by these authors, I m sad to say that this book wasn t for me. So much eye rolling DNF at 20%. I don t know if my expectations were just too high, but I find it hard to believe that these are the same authors of the Unbreakable Bonds series This book bored me I felt no connection to either MC I didn t believe in their relationship The sudden about face to allow resolution was completely unbelievable and eye roll inducing I can t believe I finished.

Lots of fluff and hot sex. I knew I wanted to read this book, from the moment I knew Trent was one of MC's. No that's a lie! I knew I wanted to read this when I found out who the authors were. I have enjoyed every single book in the Unbreakable Bonds and the Ward Security series, so it was a given, that I was gonna read this new series. Still, I was very curious about Trent's book, since I fell in love with him a little in Sadistic Sherlock. After reading this book I am completely smitten. This new series is a little bit different than the other two. There is less darkness and so far it doesn't have much action. The overall feeling I got from it is sweetness. Trent, world famous movie star, is finally enjoying some much needed vacation time in Pine Apple Grove, where he gets plowed over by a very enthusiastic Golden Retriever. He is swept off his feet and not just by the dog's owner is doing a pretty good job as well. Jace is in shock when he finds out, that the man his dog ran over, is none other than Trent Elridge. But after the initial shock it is mostly lust he feels. These two set off some major sparks and so they want to give being together a try. Trent finding out all the ins and outs of gay sex was delicious. It was as HOT as it was sensual. But Jace is out and proud and Trent is famous and in the closet. So the question is, how will they make this work. I really enjoyed reading this one, it was all fluffy goodness. There is some mystery in the background story, but nothing major. It was a very sweet and uncomplicated read just what I needed right now. The reason I am not going for the full 5 stars here, is even though I love me some fluff from time to time, I love action and mystery just a bit. It also felt like this book was a bit shorter than all the others. That said, I highly recommend anything these authors write. I am a fan. My reviews are posted on DirtyBooksObsession. Follow Us on 1.5 2 Stars only rounded up because of Ripley. Sorry, no review from me this time. Believe me, you don't want to read my rant. Please read Karen's and Josy's reviews, they explained my feelings to a T. Ladies, aka Anne, Christelle, Josy, Karen Shile, thank you for reading this with me, without you I would have given up soon.
