## \*E-PUB ? The Siren and the Deep Blue Sea ? Ebook or Kindle ePUB free

What an incredible book this turned out to be I just adored it in every way A epic finale to love and adore Full review to come closer to publishing date This book was an amazing end

to a great series Sparks is one of those authors I buy every book from them I cant wait to see whats next. The Siren and the Deep Blue Sea is the final story in the Embraced series The story centers around Maeve, a selkie and the youngest of the Embraced sisters Brody has missed their monthly swim twice, which has never happened before, and Maeve is certain something is wrong When she hears that Brody is investigating a terrifying rumor that the Circle of Five has amassed an Embraced army to take over all of the kingdoms, Maeve determines to find him.Maeve knows this search will be difficult The Siren and the Deep Blue Sea is the final story in the Embraced series The story centers around Maeve, a selkie and the youngest of the Embraced sisters Brody has missed their monthly swim twice, which has never happened before, and Maeve is certain something is wrong When she hears that Brody is investigating a terrifying rumor that the Circle of Five has amassed an Embraced army to take over all of the kingdoms, Maeve determines to find him.Maeve knows this search will be difficult Because of a curse, Brody can only remain in human form for two hours a day and must spend the rest of the day in a different form However, Maeve s journey leads her to the island of the infamous and evil Sea Witch, who is connected to Maeve and Brody inways than one The couple must deal with the shocking secrets learned on the island, and they must defeat the Sea Witch if they ever hope to have Brody s curse lifted.This is an epic conclusion to a wonderful series In typical Kerrelyn Sparks fashion, the story is immersive with vivid detail, interesting characters, sharp dialogue, and a well paced plot I love that we finally learnabout Brody s past and what led to his curse I also love that Maeve and Brody finally were able to admit their feelings for each other.Maeve is a wonderful protagonist Brave and fierce, she is tired of feeling left out She wants to take charge of her life and her love, but she won t sit on the sidelines and wait for something to happen Connected by their mysterious pasts and their shifting abilities, Maeve and Brody have loved each other for years, but they both held back their feelings You can feel the tension, longing, and unfulfilled desire in each of their interactions Their love is palpable and makes for a deliciously intriguing read.I also want to comment on the other romance in the novel Princess Elinor and Nevis are an unlikely yet completely perfect pair Their awkward flirtations in the midst of some very intense situations are sweet and comical To see Nevis, a man who is calm, cool, and collected under the most stressful of circumstances, stumble and fumble over Elinor, who, in turn, teases and flirts, endears me evento their characters.The antagonists in the story are also dynamically developed, which makes their vile nature evenapparent It is clear that the evil Circle of Five and the Chameleon are the antitheses of Maeve, Brody, and their friends Cruel, heartless, and greedy, they will stop at nothing to gain power, even if it means hurting, using, and betraying people I loved seeing all of the major characters from previous books work together to defeat the villainous threat that hangs over them all.In addition to the well developed characters, the story is a fascinating page turner Filled with action and adventure, the story builds up to an epic showdown between good and evil Shifters, dragons, betrayal, Embraced kids, curses,

witches, and add to the fantastical world and well constructed plot I can't recommend this series enough. Thanks so much to Netgalley and Kensington Books for a copy of the book in exchange for an honest review. This whole series has been amazing and just as great as Kerrelyn Sparks Love at Stake series. From the first book to the last I have become engrossed from the first page. Every single book has been a four to five star rating and this one is most definitely one of my favorites in the series. Maeve and Brody have stepped around each other for years. Their chemistry has been potent from the beginning and it was a joy to see them come together at last. Brody has lived a hard life since the age of ten. This whole series has been amazing and just as great as Kerrelyn Sparks Love at Stake series. Brody has lived a hard life since the age of ten. He has lived with an interesting curse and doesn't believe he is worthy of Maeve. Maeve is stubborn and knows what she wants. She is definitely a character who beats to her own drum and is a great heroine. There is also a nice side romance that takes place, but it doesn't take away from the main story. This last book of the series ended wonderfully. I do suggest that one reads the series in order to enjoy the whole experience because there is a larger story arc contained within each romance. I can't wait to see what Kerrelyn Sparks writes next. She is always an auto buy for me. I received this ARC via Netgalley and all opinions are my own. 4 discovering secret stars review to come.

The final book in the Embraced Series is one of the best. With many questions answered in regards to Brody and Maeve's origins, and secrets revealed about other characters in the story, it was a fitting end to a wonderful series. I highly recommend this book to all the fans of the Embraced. The final book in the Embraced Series is one of the best. This is the last installment in the Embraced series, and it was an incredibly amazing ending to a series that was beautifully written and gave me great satisfaction in reading it. I am happy that I had the chance to read this series, but also sad that it came to an end. This is the last installment in the Embraced series, and it was an incredibly amazing ending to a series that was beautifully written and gave me great satisfaction in reading it. I am happy that I had the chance to read this series, but also sad that it came to an end. This is the story of Maeve and Brody and it concludes the long journey of the five embraced sisters from the abandoned and scared little girls to happy and fulfilled women that won their much deserved happy ending. I was intrigued from the first book in this series with Brody's character and I hoped his match was the little sister, Maeve, and it was. Brody is the silent, secretive type of guy, simply perfect for the spy position, and Maeve is a sweet and stubborn girl that wants to help her sisters and the man she loves. The character development of her was so incredible, you could just see her growing through the previous books. She was fearless in this book. Their relationship has a difficult start with Brody trying to protect by keeping her in the dark and away from all the secrets that surround him, but without success. Maeve is just as determined to help him break his curse and find the last of the Circle. As the book progresses, all the secrets are revealed, and all the mysterious plotters are unmasked. The ending is perfect for this couple and for all the characters in this series. There was a lot of action, as is usual for this series, with familiar characters joined by some new and interesting ones. *The Siren and the Deep Blue Sea* is well written, grabs your attention from the get-go, and takes you along on a wonderful, romantic, action-packed adventure with funny moments and strong beliefs in good versus evil. I highly recommend this book, series, and author. \*E-PUB ? *The Siren and the Deep Blue Sea* ?
