[Free Kindle] ? The Secret Lives of Doctors' Wives ? Weplayit.co

Although an interesting whodunit story, that keeps you turning its pages at a frantic pace, ultimately this book is a hollow read It is only good for its entertainment value, and not much

else Don't get me wrong, if you're looking for a thriller, this is a good one but ultimately, I find the characters shallow and materialistic, just shells of people, really. There were almost no characters that I could actually relate to, and I didn't like the way the women were portrayed in the story, anyway. It seemed as if the characters kept making bad choices, and for no good reason other than because it was what kept propelling the story along. I enjoyed feeling like I wanted to know what happened next, but I was also able to guess who might have done it half way through the book. Overall, fast paced, whodunit mystery but lacking any depth.

[Free Kindle] ? The Secret Lives of Doctors' Wives ? Pierce Carver Was One Of Austin S Richest, Most Successful Surgeons And He Was Going To Marry Trauma Nurse Rose Marie Castle And Put Her Aching Feet Into Glass Slippers Unfortunately, The Doctor Had A Weakness For The Allure Of Youth And Feminine Perfection He Jilted Rose Marie Three Years Ago, And She S Still Dreaming Of Revenge And Things Are Looking Bad For Rose Marie The Night Pierce Died She Was Inside His Magnificent Home, Half Naked And Very Willing To Accept His Apologies Now She S The Prime Suspect Worse, Her High School Sweetheart Is The Investigating Detective But If Rose Marie Didn T Kill The Not So Good Doctor, Who Did Between His Ex Wives, His Angry Stepchildren And The Deep, Dirty Secrets Driving Their Lives, Somebody Resorted To Murder And It Looks As If Dr Carver Kept The Biggest, Baddest Secrets Of All Too convoluted All I can say is I lost count of how many times I said, What an idiot The heroine was such a joke I could not bring myself to like her even a little. Add that to the recycled concept and bore me to death, please. Meh. took a long time to wrap up the story Kind of had it figured out, but the end did have a bit of a twist to it I would have liked Rosie's daughter to have a little closure information in the end. Fun, sexy mystery Not sure it's really about doctors wives but I enjoyed it. A trashy novel I won in a Reader gift basket in a raffle Silly plot, silly characters, silly read. Oh, wow, so I thought this sounded pretty clever, from the title and description on the back cover but it was TERRIBLE I forced myself about half way through it and gave up the characters are cookie cutter, the mystery well, I really couldn't care less and was glad the guy was, dead and was actually cheering on whodunit, whoever that might have been view spoiler although I peeked at the ending because I can't stand not knowing what happens, and it really isn't what I thought hide spoiler again crap from the work library I was in the mood to read nothing but trash

A woman in a dark blue, strapless, textured dress stands against a light blue background. She is holding a silver knife in her right hand and a red apple in her left hand. The text of the book cover is overlaid on the dress.
