~FREE EBOOK ? Black Hills ? Romantik, Abenteuer, SpannungDie Engagierte Tier Rztin Lilian F Hrt Auf Ihrer Wildtierfarm In South Dakota Ein Erf Lites, Aber Auch Abgeschiedenes

Leben Fast Zu Sp T Erkennt Sie Die Gefahr, Der Sie Ausgesetzt Ist, Als Ein Offensichtlich Traumatisierter Mann Sie Und Ihre Familie Bedroht In Letzter Minute Nimmt Sie Die Hilfe Ihrer Jugendliebe Cooper An Doch Wird Er Das Schlimmste Verhindern Können Lil Und Cooper Sind Noch Jung, Als Sie Sich Ineinander Verlieben Ihre Gefühle Sind Leidenschaftlich Und Tief Doch Als Cooper Sich Entscheidet, Nach New York Zur Polizei Zu Gehen, Bricht Für Lil Eine Welt Zusammen Sie Bleibt In South Dakota Zur Check, Studiert Tiermedizin Und Wird Zu Einer Expertin Für Wildtiere Jahre Vergehen, Bis Cooper Schließlich Zur Checkkehrt, Aber Lil Kann Ihm Nicht Verzeihen Erst Als Ein Puma Erschossen Wird Und Ihre Kollegin Spurlos Verschwindet, Bittet Lil Cooper Um Hilfe Bald Darauf Machen Beide Eine Grausige Entdeckung Vor Vielen Jahren Ereignete Sich In Ihrer Gegend Der Mord An Einer Jungen Frau Der Täter Wurde Nie Gefasst Und Konnte Ungehindert Weiter Morden Immer Waren Es Junge Frauen, Die In Der Wildnis Erschossen Wurden Cooper Ist Berzeugt, Dass Lil In Größerer Gefahr Schwebt

It was a little difficult to decide on a star rating for Nora's latest The beginning was great, the middle lulled, and then the end was good I waffled between 3 and 4 and decided what the heck, go for four. Lil and Coop became close as children when he would spend summers at his grandparents home in South Dakota He was a city boy that had never seen the country Lil, a Sioux descendant, was raised there with her sort of hippie like parents Lil is fascinated by wild animals, particularly the cougar. They fall in love in their teens however, they have separate goals and are inevitably separated Lil wants to open a wildlife refuge on her parents land, and Coop is defying his father by not going to law school and joining the police academy On one of their last few days together, they are in the woods and stumble upon a crime scene Twelve years later, Lil has opened her refuge She's just come home from a six month trip in South America, and she discovers Coop is back in town for good She has mixed feelings about it, because she feels he broke her heart years ago She was willing to do anything to keep their relationship, but he was insistent they separate While the two are getting reacquainted, a psycho appears Someone is terrorizing Lil and her refuge I liked Coop a lot, and it didn't hurt that he was a cop my favorite type of hero He was of course gorgeous, patient, and determined to protect Lil and to keep her forever Lil was very reluctant to let him back in after she was hurt She's a tough girl, however didn't cross the line to being a ball buster I can't stand that type of heroine. There is a secondary romance that is really sweet, and I wish the author had spent time on them For those that are interested in interracial romance, you'd like this one The couple is BWWM The hot cowboy pursues this few years older woman and romances her to pieces. I recommend to fans of Nora, and those that like light romantic suspense. 3.5 Stars Solid 4 stars, maybe bordering on 4.5 This was just an all around solid book for me There were two things that kept it from being a 5 star read, and neither of those were critical issues But overall, I have to say I enjoyed this book a lot and I'm trying not to be a biased Nora Roberts groupie when I say that. Cooper Sullivan was just eleven years old when his parents sent him off to his grandparents farm in the Black Hills of

South Dakota for the summer For Coop, it was like being sent to prison and he hated it But a talk with his grandmother convinces him to give it a chance so he does and befriends nine year old Lil Chance in the process Over the years their friendship grows until, in their late teens, it becomes Lil thinks they are starting their future together, but after a while it all falls apart and they go their separate ways. Now twelve years have passed Lil has fulfilled her lifelong dream of opening a wildlife refuge and everything is going well for her Then Coop, a retired detective, returns, this time for good Coop broke her heart once and Lil is determined to not let him do it again For Coop, seeing Lil is a painful reminder of the hardships of his life The two come to an unintentional truce of leaving each other alone But then danger threatens Lil Someone is messing with her Refuge, pulling pranks and then killing a cougar. Coop can't sit by while Lil is in danger, especially when it becomes clear that Lil is in real danger He also realizes that it's time to clear things up between them personally He loves her, always has, but now he has to regain her trust And hope to keep her safe from a madman who loves the thrill of the hunt. I've read quite a few comments already about how the animal nature aspect of the book didn't do anything for the reader but for me, I loved that part of the story Of course, I love nature and animals and all that So it was interesting to read about the Refuge, how things worked, the animals, etc And I loved the bond between Lil and Baby the cougar So sweet Especially how the ending worked out Realistic Probably not But very interesting to read and a great way to resolve the suspense part of the story All in all, this part of the story just worked for me I also liked how the beginning of the book was done The story goes back to when Coop and Lil are kids and meet for the first time and progresses through some key scenes Roberts has done time progression stories before and I've always loved them, but this one is not quite as involved The flashback part is only about 80 pages So the past doesn't overwhelm the story But I thought those first 80 pages were nice to read gives you some great insight into the characters and the bond between them. As for the relationship between Lil and Coop I liked it, but I can't say I loved it There was definitely chemistry between them and a strong bond, but there was something just a little bit off and I can't put my finger on it The two were enjoyable to read overall, though There were some really sweet scenes and I liked how Coop worked to show here he was back for good and that she could trust him. There's also a secondary romance between Farley and Tansy Enjoyable to read Farley was a cool character Very aww schucks And Tansy was like his polar opposite So their romance was interesting. I have two somewhat minor complaints about the book First, the identity of the bad guy is revealed fairly early in the book and I found that rather annoying It deadened the suspense angle somewhat and made things a bit less intense It didn't really make sense to me why Roberts just flat out gave away the identity I would have rather there been of a guessing game, trying to figure out who was trying to hurt Lil So that took away a little bit from the book, for me. And secondly and this is maybe personal preference than anything else I would have liked it if Coop had had to face his family issues within the present part of

the story There s some reference to Coop coming to peace, so to speak, with the way things were, but to me, things between Coop and his parents felt rather unsettled And because Coop s family dynamics played a role in what happened between him and Lil, it took a little away from their relationship that unsettled feeling between Coop and his parents So yeah, I wouldn t have minded something happening on that front.Overall, though, this was a solid book from Roberts I m not sure it would qualify in my top ten of favorites, but it s definitely a book I wouldn t mind reading again in a year or so It was fun to read, very nature centered, with a nice romance, and a pretty good suspense angle. Colinas negras es una estupenda novela, es gil, trepidante y consigue que te quedes enganchada a sus p ginas La historia surge en las monta as de Estados Unidos con un trasfondo vinculado a los descendientes de los indios y al amor de la prota por los animales salvajes Un relato fresco, din mico y rom ntico, en un ambiente espectacular, en plena naturaleza, ranchos, granjas, animales salvajes y caballos se enmarca una historia de suspenso romance con sus tira y afloja llevada con gran acierto Me ha gustado bastante el libro 2,5 Apesar do tema principal ser supostamente a conserva o da natureza, acho que n o foi abordado da melhor forma O foco da hist ria um ref gio para animais selvagens que n o podem ser devolvidos natureza Para mim, o objectivo principal deste tipo de estruturas deve ser a educa o ambiental e, eventualmente, a reprodu o em cativo, em situa es muito particulares, como esp cies criticamente amea adas de extin o Estes locais podem ser teis na sensibiliza o das pessoas para a necessidade de conserva o das esp cies nos seus habitats naturais, tanto pelo seu valor intr nseco como pelo papel que desempenham no equil brio dos ecossistemas.Nesta hist ria, essa perspectiva nunca referida, sendo apenas dadas informa es aos visitantes do ref gio e, por extens o, aos leitores sobre os h bitos e caracter sticas desta ou daquela esp cie.H um romance t rrido entre os protagonistas, que n o me emocionou, e um psicopata cuja identidade revelada demasiado cedo, o que diminuiu o meu interesse nessa vertente da hist ria.Como nota positiva, a tradu o bastante razo vel e acho que s detectei uma nica gralha.A sinopse da contracapa conta demais e inclui uma informa o errada n o vou dizer qual para n o spoiler.Primeiro e ltimo de Nora Roberts. Eleg esta novela de Nora Roberts por recomendaci n de una lectora y amiga de las RS y ha resultado ser un acierto Colinas negras es una estupenda novela de verano me estoy planteando escribir un post sobre este tema, novelas de verano en el sentido de que es gil, trepidante y consigue que te quedes enganchada a sus p ginas No resumir la historia, solo dir que parte de una premisa b sica del g nero el primer amor que acaba porque uno de los dos el h roe se sacrifica para que el otro la protagonista consiga sus sue os profesionales y vuelven a coincidir al cabo de unos a os En este caso, la se ora Roberts, maestra del g nero, sit a la historia en las monta as de Estados Unidos con un trasfondo vinculado a los descendientes de los indios y a los animales salvajes El misterio es relativamente previsible, igual que lo es el final feliz de la pareja, pero eso no le quita intriga ni emoci n Cooper es un muy buen protagonista masculino, quiz he echado en falta

conocer más detalles sobre los años que pasa separado de Lillian, pero es convincente, coherente y romántico. En el caso de Lillian, debo confesar que en algunos momentos no he coincidido con ella, aunque he logrado entenderla. Colinas negras es una novela muy sólida, cuenta con un argumento sin fisuras y su pareja protagonista está muy bien construida. En mi caso, probablemente la novela me habría gustado más si la historia de amor hubiese tenido más dramatismo, un final un poco más largo, quizá, pero me he emocionado y recomiendo su lectura sin dudarlo a cualquier amante de la literatura romántica contemporánea y también a todos los lectores de novelas de intriga.

I loved Lil and Coop together They were adorable together Farley and Tansy were also adorable together I may have shed a few tears when Farley had gone outside when they were going to start making plans for a house then Jenna followed him out, and he called her

Ma Baby was my favorite of all the animals especially since he had followed Lil and he was her favorite also Lil and Coop s relationship showed that you never get over your first love It also showed that there are always obstacles when it comes to the people you love When it comes to the people you love you will do whatever you can to keep them safe. One quote that I liked Do you know how many ways love can hit you So it makes you happy, or miserable It makes you sick in the belly or hurt in the heart It makes everything brighter and sharper, or it blurs all the edges It makes you feel like a king or a fool Every way love can hit you, it s hit me when it comes to you I liked The setting South Dakota , the information endangered animals, especially big cats , most of the characters but not the hero. I didn t like The plot psychopathic killer stalks our heroine shades of Montana Sky , the hero my way or else, my way or else, my way or else if that s his idea of love, no thanks , the heroine for letting him have his way. Roberts does her usual trademark workmanlike stuff, so the book is readable However, the love story kept pissing me off so much that the suspense was diluted And the secondary love story, while meant to be interesting for its socially progressive messages, was both skimmed over and almost undermined because of the man s attitude of sureness that he wanted this and so it would be. I m trying not to add spoilers but I didn t find much in this novel that would be surprising to anyone I ve always liked Roberts for the humor her characters displayed I ve been known to laugh out loud But not this time As I said, workmanlike, but certainly not one of her best Overall, a disappointment. Update June 2011 having forgotten I d read it before, I tried to read it again This time, I disliked it so much I put it down about a third of the way through and said, ick Changed the stars to two Thinking about rating it one star One of NR s biggest disappointments so far. This is probably one of my favorite NR books It was a re read that still kept me turning pages First, I loved the secondary characters and the secondary romance in this one It brought a lot of depth to an already good story What was not to love about Coop s grandparents, Lil s parents and Tansy and Farley The Chance Animal Reserve was great backdrop, especially Baby the cougar.
