~Read Book ? Seduced by the Operative ? You Are My Mission, Querida For Psychologist
Claire Cantwell Code Name Cyrene The Stakes Couldn T Be Higher Tapped For A Top

Secret Mission For The President, The OMEGA Covert Operative Needed The Unique Expertise Of A Man With Whom She Shared Danger And Her BedLethally Attractive Special Ops Agent And Ultrasuave Diplomat Luis Esteban Wanted Than Claire Was Ready To Give Now, With Their Very Survival At Stake, Claire Has To Trust Luis With Her Lifeeven If That Means Surrendering The One Thing She Vowed Never To Give Her Heart There was just not a believable story here There was not much substance to this book at all Good thing it was a really quick read, or I would have given up on it before much longer. I waited patiently through quite a few books to read in detail Agent Cyrene Claire and Col Luis Esteban s story Bits and pieces of it were revealed throughout approximately eleven books because Cyrene is the resident psychologist for OMEGA and agents worked with her constantly She and Luis were mentioned or appeared in a lot of books In CLOSER ENCOUNTERS, Riever and Tracy s story, the epilogue had a wedding between the two and it was mentioned in that, Claire and her gorgeous husband, Luis Esteban, hired the orchestra In the middle of the Close Encounters story there is a scene where Cyrene Claire is talking to the heroine where she explains she is license to practice in three states and recently Mexico where she and her husband maintain a home So clearly when Close Encounters was issued in Nov 2006 Claire and Luis were married In Dec 2009 SEDUCED BY THE OPERATIVE was released and these two were still working on a relationship He pops in and they have wonderful sex but he wantsand she s not ready So through four subsequent books we readers have all the married couples from the series aligned including Claire and Luis and in SEDUCED BY THE OPERATIVE they are not married but they get married in chapter 13 of the book Please This inconsistency threw off the entire story for me and the only reason I didn t rate it a two was because the mystery kept me reading The relationship threw me off in the second chapter and I could have easily stopped reading That s how annoying a key piece of the story became As a Lovelace fan, I am totally annoyed over this The Code Name Danger books flow one story into the next and this just did not play out for this reader This was your typical Silhouette book The story was fast paced, the mystery solved very quickly and the characters were all beautiful and rich I admit I have only read some of the series, so I do not know a lot of the history between the two main characters I was surprised the main female character would enter a relationship just for the physical aspect She did not seem the type Overall, it was a quick and entertaining read. A good quick read about coming to terms with losing a spouse and loving again. This hero was memorable from the first time he step on the pages of previous books Wonderful to finally read his story.
