# A MACABRE MISCELLANY

Geoffrey Atherton

This book has some great historical stories about all types of public executions, strange facts, and statements The author is a retired Yeoman Warder Beefeater of the Tower of London His research and knowledge make for an excellent read Looking through our

history it seems that we have become somewhat civilized in our treatment of others If you think lethal injection is cruel and unusual punishment for a murderer convicted by a jury of peers and reviewed through endless appeals read this book
