I love this book. It is really good. You should read it. This book had some creepy parts. Rather than review this book, I'll review the series as a whole. Overall, it was really good. Unlike the Goosebumps books, which are independent stories with no connections outside a few sequels, Mostly Ghostly is an 8-book series. It tells the story of a young boy named Max who is the only one who can see a brother and sister pair of ghosts who used to live in his home. A normal kid is suddenly thrust into a world of ghosts, ghouls, demons, and monsters. The series is entertaining. It is a bit creepier than the original Goosebumps books and has a bit of humor as well. It also has the clichés that we've come to know and love, specifically cliffhangers and bad parents. The Doyle parents have to be the worst in the history of R.L. Stine books. The father is a terrible bully and the mother is a completely oblivious moron. Max is kind of dumb too. Throughout the books, he speaks to the ghosts, even in the presence of other people. After about the fifth time getting in trouble for adults thinking he's telling them to shut up when he's really speaking to the ghosts, you'd think he'd get a clue. But I guess not. The ghosts are pretty dumb too. They try to help Max in various tasks. Partly because of Max's hesitance but also their own stupidity, it usually fails. Unfortunately, the series takes a giant hit with the last book. The series is mostly about Max helping the ghosts find their parents and determine how they became ghosts. But in Don't Close Your Eyes, a new ghost is introduced and the book is about Max trying to defeat him. Then it ends. No talk about the ghosts' parents. No resolution to how they became ghosts. No answer to whether or not the parents were able to find a way to bring them back to life. It just ends. And as it has been 13 years since this book was published, there probably never will be. That's how it ends. I have mixed feelings about this book because Max as a character was one of the only people I liked in the whole series. The rest were just so annoying, I at times didn't even know it was supposed to be funny and that's another problem I had with this book. The humor felt very forced, and felt like it was mostly when Max was getting in trouble, which almost made me sad then want to laugh, because he was getting in trouble for dumb things, and that's only at the school, his home life is even worse. He has the worst parents ever who reward his psycho brother who can beat him up so much that he can't breathe and yet Max gets in trouble for it, and the mom doesn't do anything about it. I could go on, but I also want to talk about the endings. I don't think there was really one of the endings that I liked. The fifth book's ending was actually the best of the entire series, and it wasn't even good. Not to even speak of the end of the series. There was so much he could have done, but no, it ended in one of the worst ways ever. I won't tell you just in case you decide to read them, but let me just tell you they end with a lot of unanswered questions. Overall, I did enjoy reading them, they were fast and Max was a great character, but I found myself almost throwing it against the wall because of how horrible the other characters were.

if you like r.l stine you will then likely like this series I did like them but that doesn't mean they have some flaws. It was a good book for younger kids, but didn't have the same humor as his others R.L Stine is an excellent writer of spooky stories for young readers Although the stories are a little scary, they are not scary enough to cause nightmares, or anything Actually, there is quite a bit of humor in his stories I enjoyed it greatly when the bullies were picking on Max and black ink started gushing out of his mouth and totally covered the bullies Priceless Everybody hates bullies well, except bullies, that is. Nicky and Tara are up to their usual antics getting Max in trouble, which always brings a smile to my face What I also like about these books is the large text that helps young readers We never really get to know much about Inkwell, but I imagined that he was from the Wild West I may be wrong, but it is a nice thought. Overall, Don't Close Your Eyes by R.L Stine is another excellent book in the awesome Mostly Ghostly series and I highly recommend it There doesn't seem to be another book in this series, but there better because I sure need to find out about Nicky and Tara. I rated this book a 9 out of 10. Another fun book in this cute little series I'm confused, though that was the last book There was absolutely no closure on Nicky and Tara, and it didn't seem like a last book at all I have to believe that R.L Stine didn't intend to end it that way, and maybe had to stop the series early Otherwise, it was a very bizarre ending.

R.L. STINE

Too bad the library only has this book number 8 in the series It was a fun read and it seems

as if the characters have had seven other adventures together before this one I d like to find the others. ^Free Epub ? Don't Close Your Eyes! (Mostly Ghostly, #8) ? In A Terrifying Episode, Inkweed, The Evil Ghost Of The Black Sleep, Has Inhabited Max The Ghost Has Come To Put Nicky And Tara To Sleep Forever Inkweed Is Waiting, Hoping For The Moment When Max Falls Asleep That S When He Can Bring His Crushing, Evil Powers To Life Nicky And Tara Work Frantically To Keep Max Awake But They Re Running Out Of Ideas And After A Few Days Of No Sleep, Max Is Desperate He S Going Crazy But If He Closes His Eyes, It Will Mean The End Of Them All Can Nicky And Tara Keep Max Awake Long Enough To Banish Inkweed Don T Close Your Eyes, Max
