This book had some weird lumps to it, like the way the plotline with the sister was thrown in at the last minute, and a bunch of spots where I was like, Why didn t he just kill them But I

enjoyed the way things developed between the two main characters The love scenes didn't do anything for me, however they felt kind of forced More like the writer wasn't enjoying herself than that the characters had to force themselves I love Connie Hall and her writings Setting Patomani Indian Reservation sacred cave, homes, forest Rock Creek Park around Washington DC Zoo BOSP offices pyramid shaped room a cosmic generator office and viewing chamber for our hero Lincoln Towers his brick townhouse on Duke Street near the Potomac Senate Office Building Theme evil vs good power of love both to the plus and the minus Characters Fala Rainwater and her English Angora bunny named Fuzz her father died, and her mother left her with her grandmother her mother had ran away, not wanting to be the Tsimshian with its responsibilities she loves her grandmother, but has made a life for herself away from the reservation as a police detective where she uses her powers to help solve crime murders it is time to give up that, to marry one she does not love but is destined betrothed to, and to take her grandmother's mantle of Tsimshian she wants to, she doesn't want to she can shift to a bear Stephen likes her bear form and her soft fur. Special Agent Stephen Winter a warlock that can trace ancestry to the Druids raised with clan on island off Martha's Vineyard, with loving parents, but when they died, his uncle took over the clan, and cruelly used Stephen as guinea pig and scapegoat as he practiced black magic He managed to escape with his two younger brothers he works for federal government in secret, paranormal department after extensive testing of his gifts he is unwillingly under a bond with Tumseneha who has kidnapped his brothers, placing them in stasis requiring him to make Fala fall in love with him and to kill her as her power is coming to her, so that Tumseneha can absorb them though conflicted, though highly attracted to her, he is committed to doing what needs doing to save his brothers Brice and Leland Stephen's younger brothers Meikoda And Patomani elders grandmother who holds the Tsimshian and her council of women entrusted to keep balance, and protect the world from the demon Tumseneha Meikoda raised Fala with a strictness not wanting her to follow in her mother's footsteps and walk away from her responsibility and with love not sure why grandma couldn't be helpful in navigating the tests of love, and telling her that Stephen who also shares her birth day is her new betrothed Takala Nina Fala's younger sisters Takala a warrior Fala earthy sprite in sync with animals opposites love and commitment between the three Takala in love with Akando Fala's intended and in a mixed up way, she is on his side over her sisters in his quest to marry the powerful almost Tsimshian Nina is the peacemaker Akando Chasing Deer having the same birth day as Fala, and of the same tribe, he is slotted to marry Fala as she is of age to receive the power he is impatient with her spirit rejecting him but he seems okay in the end, when another takes his place Katrina Sanecki aid to a congressmen, who has been invaded by Tumseneha her gruesome murder brings Fala and Stephen face to face Tsimshian, the Guardian an earth based power, that infuses a Rainwater woman, whose primary purpose is to keep Tumseneha shut in the demon world passes on from mother to daughter, sometimes skipping a generation love is part of its

power Tumseneha demon escapes every other generation, wanting to destroy the power of the Tsimshian and to rule the world Summary Tumseneha has co opted a senator s body, has kidnapped 2 brothers, and is blackmailing warlock Stephen with the plan that Stephen will make Fala fall in love with him, and he will be with her in the sacred cave when her powers start to pour into her, Stephen will kill her, and the powers will be diverted to Tumseneha Stephen uses the excuse of the murder investigation to insert himself into Fala s life and though Fala feels he is hiding deceiving her, she ultimately falls for his charm and the deep attraction But Tumseneha doesn t take into consideration the true power of love Stephen s for Fala, and Fala s for Stephen and Stephen is unable to kill Fala and Fala gains her power, and sends Tumseneha back to hell, releasing the spell that was holding Stephen s brothers And they marry Memorable moments His office and bedroom outfitted so that he can watch study her even read her thoughts His conflict willing to whatever to save his brothers, but his inability to do evil and his growing love for her most dramatically found in his dreams of a stormy ocean, and her calling for help on one side of the boat, and his brothers on the other side.Fala going preparing for her marriage with a heavy heart, not knowing the Stephen was now the chosen one and her joy when she approaches the sacred caves, and he is there I just couldn t get into it There were too many elements shaman type, were animals, good evil, native, police mind control talismans I actually forgot I had this downloaded and the loan ended But obviously it didn t hold my interest. Fala has been anointed as the next Guardian When evel comes calling it hides among the corrupted bodies of Washington But it appears there is only one man that can get Fala close to her enemy Agent Winter is the liaison to the government s most secret sector the supernatural one But who does he really work for A warlock, Winter holds many secrets and Fala is forced to probe them to the depths if she s to become the next Guardian Wicked awesome read Miniseries The NightwalkersCategory Paranormal Romance I m still not a romance fan I would rather read the erotica then these Not a bad book, just not my scene.
