{Free Book} ñ The Kurt Vonnegut Jr.

Audio Collection → eBook or E-pub free

This is the author reading excerpts from some of his works I've read the books before, and this is a great refresher of some of his best material I don't know if this would have been as good if I hadn't already read the books There are some complete short stories and essays at the end, including Harrison Bergeron, which is one of his best All in all great stuff.

Downloaded from Audible.com This title no longer seems to be available at audible.com. If I recall correctly, it was very disappointing I like Kurt Vonnegut's writing, but this was a poor quality audiobook. Always a treat hearing the author read his own work I listened in via Hawaii State Library and OverDrive Audiobooks.
