~FREE E-PUB ? The Jump ? Donna Brunos Worships Her Husband And Is Devastated When He Is Jailed For Armed Robbery Georgio Swears He S Been Set Up And Persuades

Donna To Help Him Escape Implementing The Jump Takes Donna Into A Twilight World She Never Believed Existed A World Of Brutal Sex And Casual Violence Finally, She Is Confronted By A Series Of Shattering Revelations That Threaten Not Only Everything She Believes In But Also, Ultimately, Her Own Life Completed it in a hurry got to return the book right anyways its a story of this dumb blond prototype turning a new leaf and becoming worldly wise..get wat i mean anyways the heroine is a babe and is married to this bad guy who is running a porn ring shes blissfully ignorant but then uncovers the truth abt the hubby obviously hes bad, ugly, and uses flowery lingo a good image builder stuck in prison then the whole story kind of went off track when there was a lil MB mixed in it meaning the gal falling for the bad mans best frnd soo predictable anyways the story is abt how she decides to free her hubby when she knows nothign abt him, but finally decides against it as she learns abt the evil him She herself messes his breakout from prison for him finally thats the best part My rating a 4.5 for the book story is ok the finish is kind of bad. romance an unwanted element in it I read The jump when it first come out and now I.ve reread it Enjoyed every page of it, Great book I have long since been a Martina Cole fan but there are many books I still have not read this is one of them This book is an example of Martina at her best This book reminded me why I love her books it is engaging, page turning and the characters are interesting I genuinely found myself turning the pages to find out what happens next I definitely wasn t expecting the Sri Lanka aspect of the story. I hope Martina s new book, due for release later this year, will be just as good as some of her earlier work, including this book. I would definitely recommend this book to anyone interested in a gritty, interesting crime thriller, encompassing the prison world and the lives of those affected the most people s lives are quite literally changed forever A web of deceit, greed, and power enshrines a story surrounding the attempted jump of a violent and dangerous prisoner from prison how far would you go to protect the one you love, even if you find that he is not all he seems Same meat, Donna, different gravy. My low star rating is obviously an anomaly I thought the story was far fetched and the author constantly repeated the same points I also felt she was constantly trying to shock the reader Not my cup of tea. did I ever tell you I was deaf until I turned 16 I can still lip read OOOOooooohhhh Don t you hate it when you come across a moment in a book that sticks out like a sore thumb Something so out of place it can t be disguised You will find that moment in this book around the 4th quarter Doesn t ruin it entirely, but I saw the man behind the curtain Otherwise I didn t guess the ending twist Some of the relationships are too bizarre to believe and people too stupid but it s pretty good anyway the audiobook has a terrific reader but I got impatient and finished it on the kindle. I know that I ve said this before but I ve got to say it again THIS was my favorite Martina Cole book EVER Absolutely fanfuckingtastic 20 years after it was written in 1995 it s STILL phenomenal an absolutely terrific Audible book. God I love Annie Aldington s narration

## THE JUMP

'Her gripping plots  
pack a mean  
emotional punch'

*Mail on Sunday*

NOT THE ENDING YOU EXPECT BUT WHAT A READ I HAVE READ IT MORE THAN ONCE IT IS SO GOOD Loved it, couldn't put it down. The main character in this book was so passive and annoying it made it difficult to read at times All she does is look white faced and scared, and have long legs, that's pretty much her role throughout the novel, and it's repeatedly hammered in to you every couple of pages The actual story line is engaging though, you genuinely want to know what will happen Things are too over the top to ever be fully believable, but if you let yourself be carried along without thinking too hard, it's pretty enjoyable.
