#Book Ù Rocky Mountain Hero ? eBook or E-pub free

sigh Such an awesome book Gabe, the hunky cowboy hero, is adorable The heroine, Mealine, is equally adorable Add her eight year old son to the mix and you get a great book

Low conflict very much appreciated and an epilogue My kind of book Moving on to book two in the series. Heroes come in many forms in romance novels They can be bad boys in need of redemption or men who have simply lost their way But sometimes, they are rock solid men of integrity wrapped in a very handsome package Rocky Mountain Hero may be the title of Audra Harders debut book but it is also the perfect description of Gabe, the cowboy who takes down on her luck heroine, Melanie, and her son into his home and his heart In this engaging story, it is easy for the reader to fall in love with Gabe just as Melanie does But there is to the story than just a handsome hero with faith and generosity. Harders has created a warm community to embrace a woman who is used to doing things on her own In addition to the relationship between Melanie and Gabe, the growing bond between Gabe and her son Jason is just as endearing The setting is vividly described and makes the reader feel like they are in the mountains experiencing the beauty along with the rest of the characters The struggles of the hero and heroine ring true Rocky Mountain Hero is a well rounded story full of love, lessons learned and likable characters. #Book ó Rocky Mountain Hero ? With A Broken Down Truck, Miles To Go And Little Money, Single Mother Melanie Hunter Needs Help It Comes In The Handsome Form Of Rancher Gabe Davidson He LI Pay For The Three Week Repair Job And Provide Lodging For Her And Her Boy If She LI Take Coordinating The Town Barbecue Off His Busy Hands Melanie Accepts, Figuring She LI Soon Be On Her Way To Her New Life But As She Gets To Know The Kind Townspeople And The Hardworking Cowboy Her Son Adores She Realizes She S Found Her Home Now If Only Her Rocky Mountain Hero Will Ask Her To Stay I liked this novel but thought the action moved a little slowly I did like the main characters but felt that the plot needed excitement. This one is about a single mom and her son who are on their way to her job interview when her truck goes off the road and crashes big time She needs help, but doesn t have the money to fix her truck and start life in a new place, so when her rescuer offers to fix her truck if she just takes over helping with a barbecue, she gives in Talk about a run on sentence She learns to love the town, the people, and of course, her rescuer Very cute story I can t imagine anything like that happening in real life, but it s not meant to be real, right I especially like the ending, very nicely done This debut novel by Audra Harders is a captivating read Set in the scenic Colorado Rockies, the story features a single mom who gets sidelined by a broken down truck on her way to a job interview When a genuine Rocky Mountain hero rescues her and offers temporary housing and money to repair her vehicle in exchange for her help in organizing the town barbecue, how can she resist Harders has created engaging characters that quickly work their way into your heart The romantic arc is touching and believable as they grow to trust each other and themselves and discover what really matters most I ll be looking forward to many stories from this excellent author. Well written book I loved the characters and their romance The setting was perfect for a gal like myself that likes westerns even though the book is set in modern day I hope to read of Audra Harders stories The cover was great The title was great The synopsis was great But

in the end by page 70 I had to put it down There wasn't enough deep POV or action to hold my attention I wasn't enthused about the writing, either. I loved this book and I have to say, I thought Gabe was breathtaking He is a tough cowboy with a soft underbelly, who has a way with kids Of course, as a mom, Melanie is drawn to such a handsome, caring guy who takes her son under his wing, spending precious time with him and becoming a hero in his eyes Or should I say, a hero in her eyes too There were some great romantic scenes, including one at the kitchen sink, involving a knife and a fish Very unique and oh so sigh worthy There is great tension between Gabe and Melanie, and I am so glad I got to read their story And Gabe has two brothers who, I am hoping, need their own story I am certainly looking forward to books from this wonderful author
